All 39 of these mining claims were filed at the same time, 10 in the name of Charles Bowen, 10 in the name of Raymond Deere, and 19 in the name of Keith Bowen. All of the location notices were filled out and signed by Keith Bowen. All of the new claim fees were paid by NT Products, Inc., a company owned by Charles Bowen. Thirty-one of the claims are named "NYT" followed by a number ranging from 1 to 37, which are interspersed between the various owners.

On August 15, 2011, right before the annual assessment was due, Keith Bowen transferred nine of the claims located in his name to Eva Landry. All four of the waiver documents were completed in the same handwriting and filed together. On December 13, 2011, we received five Affidavits of Labor for these 39 claims. All Affidavits were received together, all completed by Keith Bowen and all fees were paid for by Keith Bowen.

All of the above facts point to the fact that these 39 mining claims are definitely related and appear to be controlled by Keith Bowen, or at the very least, under common control of these four claimants. To qualify for a small miner waiver, **you and all related parties** must hold no more than a total of 10 mining claims or sites nationwide. 43 C.F.R. 3835.1(b) and 3835.11(a)(1). **"Related party means** a) the spouse and dependent children of the claimant as defined in section 152 of the Internal Revenue Code of 1986 [26 U.S.C. section 152]; or, b) **a person who controls, is controlled by, or is under common control with the claimant.**" **"Control means actual control, legal control, or the power to exercise control, through or by common directors, officers, stockholders, a voting trust, or a holding company or Investment Company, or any other means."** 43 C.F.R. 3830.5.

By signing the small miner waiver, you certified that you and all related parties own ten or fewer mining claims, mill, or tunnel sites nationwide. Filing a small miner waiver that you do not qualify for in order to avoid paying the annual maintenance fee constitutes fraud. As stated under #6 of the waiver, "The undersigned understand and acknowledge that pursuant to 43 U.S.C. 1212 and 18 U.S.C. 1001, the filing or recording of a false, fictitious, or fraudulent document with the Bureau of Land Management (BLM) may result in a fine of up to \$250,000, a prison term not to exceed five years, or both.

If, after reviewing the above, you believe that you qualify for a small miner waiver, each mining claimant listed above must provide to BLM a notarized statement certifying that they are solely and independently in control of the claims listed in their name and that these claims are in no way under common control with the other claims listed here. Please also verify the relationship of these individuals to each other. On each document, Keith Bowen lists a different address, however on the Affidavits of Labor, he lists his address as being the same as Eva Landry.

Please provide the documents requested within 30 days of receipt of this letter. If we do not receive the requested information the small miner waivers will be denied and the claims will be forfeited.

If you have questions regarding this Notice, please contact Amy Thrower at 602-417-9334.  
Please include your AMC serial number(s) on all correspondence.

To Whom This May Concern:

I currently have nine small mining claims in southwest Arizona : AMC 403019, AMC 403020, AMC 403025, AMC 403026, AMC 403028, AMC 403029, AMC 403030, AMC 403032, and AMC 403033

I accepted these claims when a friend decided to release them. Because the value of gold has increased to the point where mining them might be feasible I have been doing work on these claims on a regular basis. No one else has any decision making interest in, or control over, these mining claims.

Sincerely,

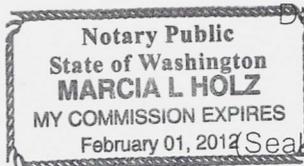

*Eva Landry*

Mz Thrower:

I agree that the facts laid out in your letter would raise questions about these claims, so let me explain. I have been involved in mining since 1980 and am fairly familiar with the paperwork required. In addition, I live in Tucson and it is therefore easy for me to file the paperwork for Pima County. As such, years ago when Ray Deere, my brother Charles Bowen, my mother Anita Dalcero, and myself decided to work together to stake some claims near Arivaca, I was designated to do the initial paperwork and to keep it current.

Last year, due to a failure on the part of the Postal Service, the mining fee waivers arrived late and therefore the claims were declared invalid. Since the error was mine, it was incumbent on me to rectify it. Our mother was very ill so I added extra claims to my batch instead of relocating them for her- assuming I would quit claim them to someone else yet to be determined before the next assessment year began. My girlfriend, Eva Landry, checked with your Phoenix office before we transferred them to her last summer to make sure that there was still time for her to accomplish the needed assessment work before the Aug 31 deadline. When we were assured that it was legal, I quit claimed the claims to her.

We are all sole owners of our individual claims. None of us has any control of any kind over anyone else's claims, although we do cooperate when appropriate. Indeed, a careful analysis of the locations and ownership of the new claims compared to the old would reveal that some changed hands in order to give each person a more contiguous block to facilitate individual action if desired.

I have moved a lot and started some new businesses of late and therefore have three legitimate addresses. Sometimes it is hard to keep them consistent.

I hope this adequately addresses all your concerns.

### Additional Information Required

On August 25, 2011, we received four Maintenance Fee Waiver Certifications (small miner waivers) submitted together, which cover the 39 mining claims listed above. The waivers are from Keith Bowen, Charles Bowen, Raymond Deere and Eva Landry. We require further information in order to verify the validity of the small miner waivers.

RECEIVED  
BLM AZ STATE OFFICE  
2012 JAN 27 PM 1:51  
PHOENIX, ARIZONA

All 39 of these mining claims were filed at the same time, 10 in the name of Charles Bowen, 10 in the name of Raymond Deere, and 19 in the name of Keith Bowen. All of the location notices were filled out and signed by Keith Bowen. All of the new claim fees were paid by NT Products, Inc., a company owned by Charles Bowen. Thirty-one of the claims are named "NYT" followed by a number ranging from 1 to 37, which are interspersed between the various owners.

On August 15, 2011, right before the annual assessment was due, Keith Bowen transferred nine of the claims located in his name to Eva Landry. All four of the waiver documents were completed in the same handwriting and filed together. On December 13, 2011, we received five Affidavits of Labor for these 39 claims. All Affidavits were received together, all completed by Keith Bowen and all fees were paid for by Keith Bowen.

All of the above facts point to the fact that these 39 mining claims are definitely related and appear to be controlled by Keith Bowen, or at the very least, under common control of these four claimants. To qualify for a small miner waiver, you and all related parties must hold no more than a total of 10 mining claims or sites nationwide. 43 C.F.R. 3835.1(b) and 3835.11(a)(1). **"Related party means a) the spouse and dependent children of the claimant as defined in section 152 of the Internal Revenue Code of 1986 [26 U.S.C. section 152]; or, b) a person who controls, is controlled by, or is under common control with the claimant."** **"Control means actual control, legal control, or the power to exercise control, through or by common directors, officers, stockholders, a voting trust, or a holding company or Investment Company, or any other means."** 43 C.F.R. 3830.5.

By signing the small miner waiver, you certified that you and all related parties own ten or fewer mining claims, mill, or tunnel sites nationwide. Filing a small miner waiver that you do not qualify for in order to avoid paying the annual maintenance fee constitutes fraud. As stated under #6 of the waiver, "The undersigned understand and acknowledge that pursuant to 43 U.S.C. 1212 and 18 U.S.C. 1001, the filing or recording of a false, fictitious, or fraudulent document with the Bureau of Land Management (BLM) may result in a fine of up to \$250,000, a prison term not to exceed five years, or both.

If, after reviewing the above, you believe that you qualify for a small miner waiver, each mining claimant listed above must provide to BLM a notarized statement certifying that they are solely and independently in control of the claims listed in their name and that these claims are in no way under common control with the other claims listed here. Please also verify the relationship of these individuals to each other. On each document, Keith Bowen lists a different address, however on the Affidavits of Labor, he lists his address as being the same as Eva Landry.

Please provide the documents requested within 30 days of receipt of this letter. If we do not receive the requested information the small miner waivers will be denied and the claims will be forfeited.
