Mining Claim Location Notice(s) – Amendment(s) Required

Pursuant to Title 43 Code of Federal Regulations (CFR) 3832.1, the Bureau of Land Management (BLM), Arizona State Office, received your notices of location for recording mining claims. In accordance with 43 CFR 3832.12, the claims listed above cannot be accepted as filed and must be amended as noted below.

The dimensions of a lode claim must be contained within a rectangle of 1500 x 600 feet (20.66 acres). Your claim is an irregular shape that exceeds both the allowable length and width. Therefore, you must amend your claim to fit within a 1500 foot x 600 foot rectangle.

When amending a claim, you cannot take in any new ground. Amending the claim may result in a claim that contains significantly less acreage than was originally located. If you wish to retain the same acreage, you may want to relocate the claim(s) correctly, rather than amend the incorrectly located claim(s).

You must file an amendment for each claim listed above to correct the defects identified. There is a \$10 BLM processing fee for each amendment. We must receive the amendments within 30 days of your receipt of this notice. If the amendments are not received within the 30 day timeframe the mining claims will be declared null and void.

*Amendment attached on top of original
location notice.
RE*

If additional information is required, please contact Rod Ebert at 602-417-9397. Please include your AMC serial number(s) on all correspondence.

Sincerely,

A handwritten signature in black ink that reads "Rebecca Heick". The signature is written in a cursive style with a large initial 'R' and a distinct 'H'.
