### Mining Claim Location Notice(s) – Amendment(s) Required

Pursuant to Title 43 Code of Federal Regulations (CFR) 3832.1, the Bureau of Land Management (BLM), Arizona State Office, received your notices of location for recording mining claims. In accordance with 43 CFR 3832.12, the claims listed above cannot be accepted as filed and must be amended as noted below.

According to 43 CFR 3832.22(a), the dimensions of a lode claim cannot exceed 1,500 feet in length and 600 feet in width (20.66 acres). Your claim is 1,500 feet in width and therefore must be reduced to 600 feet in width to be in compliance with the regulations. When amending a claim, you cannot take in any new ground. Amending the claim may result in a claim that contains significantly less acreage (600 ft x 600 ft = 8.26 acres), than was originally located. If you wish to retain the same acreage, you may want to relocate the claim correctly, rather than amend the incorrectly located claim. If this was simply an error in the description and the length is actually 1,500 feet and the width is 600 feet, file an amendment that reflects these correct dimensions.

An amendment must be filed for each claim listed above to correct the defects identified. There is a \$10 BLM processing fee for each amendment. The amendments must be received by BLM within 30 days of your receipt of this notice. If the amendments are not received within the 30 day timeframe the mining claims will be declared null and void.

TRI METAL MINES

### Mining Claim Location Notice(s) – Amendment(s) Required

Pursuant to Title 43 Code of Federal Regulations (CFR) 3832.1, the Bureau of Land Management (BLM), Arizona State Office, received your notices of location for recording mining claims. In accordance with 43 CFR 3832.12, the claims listed above cannot be accepted as filed and must be amended as noted below.

According to 43 CFR 3832.22(a), the dimensions of a lode claim cannot exceed 1,500 feet in length and 600 feet in width (20.66 acres). Your claim is 1,500 feet in width and therefore must be reduced to 600 feet in width to be in compliance with the regulations. When amending a claim, you cannot take in any new ground. Amending the claim may result in a claim that contains significantly less acreage (600 ft x 600 ft = 8.26 acres), than was originally located. If you wish to retain the same acreage, you may want to relocate the claim correctly, rather than amend the incorrectly located claim. If this was simply an error in the description and the length is actually 1,500 feet and the width is 600 feet, file an amendment that reflects these correct dimensions.

An amendment must be filed for each claim listed above to correct the defects identified. There is a \$10 BLM processing fee for each amendment. The amendments must be received by BLM within 30 days of your receipt of this notice. If the amendments are not received within the 30 day timeframe the mining claims will be declared null and void.
