MENA #4

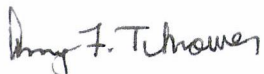

Mining Claim Location Notice(s) – Amendment(s) Required

Pursuant to Title 43 Code of Federal Regulations (CFR) 3832.1, the Bureau of Land Management (BLM), Arizona State Office, received your notices of location for recording mining claims. In accordance with 43 CFR 3832.12, the claims listed above cannot be accepted as filed and must be amended as noted below.

The legal land description on the location notice does not match the depiction of the claim on the map. We have described the claim in our system according to the map. If this is not correct, you may want to either amend your location notice or provide a corrected map.

An amendment must be filed for each claim listed above to correct the defects identified. There is a \$10 BLM processing fee for each amendment. The amendments must be received by BLM within 30 days of your receipt of this notice. If the amendments are not received within the 30 day timeframe the mining claims will be declared null and void.

If additional information is required, please contact Pauline Brown at 602-417-9360. Please include your AMC serial number(s) on all correspondence.
