## MINING CLAIMS DECLARED FORFEITED

The mining claims listed above have been declared forfeited as of December 30, 2017, for failure to timely file the required notice of intent (NOI) to hold for the 2017 assessment year.

A small miner's maintenance fee waiver certification was filed for this claim for the 2017 assessment year, which began on September 1, 2016 and ends September 1, 2017. Therefore, pursuant to regulations found at 43 CFR 3835.15, 3835.16 and 3835.31, a notice of intent to hold must have been filed for the 2017 assessment year on or before December 30, 2017, along with a \$10 processing fee per claim. Because your claim was located in the calendar year when the NOI was due, the NOI was curable.

A Notice requiring that the NOI be filed was mailed to the above address by certified mail. The NOI was required to be filed within 30 days of the date the Notice was either received or returned to this office unclaimed or undeliverable. The 30-day timeframe allowed has expired and no NOI has been received.

## Reclamation Requirements

You are required to reclaim all areas disturbed by your activities on lands encompassed by your mining claim(s) and/or site(s). After you complete the reclamation, you must notify the authorized officer of the appropriate surface managing agency so that the authorized officer may conduct a final site inspection and determine whether you may be released from liability. If you fail to reclaim the land to the satisfaction of the authorized officer, the surface management agency may cite you for noncompliance under its surface management regulations.

For land administered by the Bureau of Land Management (BLM), if you fail to reclaim the land to the satisfaction of the authorized officer as required in 43 CFR Subpart 3809, BLM will issue an order of noncompliance under 43 CFR 3809.601(a). If you fail to comply with the noncompliance order, BLM may take further action under 43 CFR 3809.604. Failure to conduct reclamation is a prohibited act that may subject you to criminal penalties. See 43 CFR 3809.605(h) and 43 CFR 3809.700.

### Appeal Procedures

This decision may be appealed to the Interior Board of Land Appeals, Office of the Secretary, in accordance with the regulations contained in 43 CFR, Part 4, and the enclosed Form 1842-1. If an appeal is taken, your notice of appeal must be filed in this office (at the above address) within 30 days from receipt of this decision. The appellant has the burden of showing that the decision appealed from is in error.

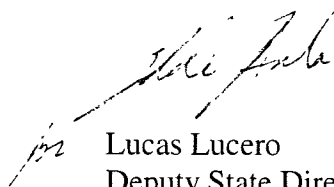

If you wish to file a petition pursuant to regulation 43 CFR 4.21 (58 FR 4939, January 19, 1993) for a stay of the effectiveness of this decision during the time that your appeal is being reviewed by the Board, the petition for a stay must accompany your notice of appeal. A petition for a stay is required to show sufficient justification based on the standards listed below. Copies of the notice of appeal and petition for a stay **must** also be submitted to each party named in this decision and to the Interior Board of Land Appeals and to the appropriate Office of the Solicitor (see 43 CFR 4.413) at the same time the original documents are filed with this office. If you request a stay, you have the burden of proof to demonstrate that a stay should be granted.

### Standards for Obtaining a Stay

Except as otherwise provided by law or other pertinent regulation, a petition for a stay of a decision pending appeal shall show sufficient justification based on the following standards:

- (1) The relative harm to the parties if the stay is granted or denied,
- (2) The likelihood of the appellant's success on the merits,
- (3) The likelihood of immediate and irreparable harm if the stay is not granted, and
- (4) Whether the public interest favors granting the stay.

Please include your AMC serial number(s) on all correspondence. If additional information is required, please contact RéAnn Myers at 602-417-9413.

Mining Claim Location Notice(s) – Amendment(s) Required

Pursuant to Title 43 Code of Federal Regulations (CFR) 3832.1, the Bureau of Land Management (BLM), Arizona State Office, received your notices of location for recording mining claims. In accordance with 43 CFR 3832.12, the claims listed above cannot be accepted as filed and must be amended as noted below.

The claim is not in aliquot parts. You must describe placer claims by aliquot part and complete lots using the U.S. Public Land Survey System and its rectangular subdivisions (i.e., a 20 acre claim would be 1,320 x 660). In all cases, the description must be as compact and regular in form as possible. Your claim is 1320 x 640 feet. To be in aliquot parts, the length would remain 1,320 feet but the width would need to be reduced to 330 feet.

In accordance with 43 CFR 3832.12(c) (1) You must describe placer claims by aliquot part and complete lots using the U.S. Public Land Survey System and its rectangular subdivisions except when placer claims are (i) on unsurveyed Federal lands; (ii) Gulch or bench placer claims; or (iii) Bounded by other mining claims or non-mineral lands. If one of these situations exists you must describe the lands by protracted survey or by metes and bounds. In all cases, your description of the land must be as compact and regular in form as reasonably possible and should conform to the U.S. Public Land Survey System and its rectangular subdivisions as much as possible.

The amendment must provide one of the following:

1. Identify which situation exists that requires this placer mining claim to be located by metes and bounds and provide a metes and bounds description. If you believe the claim is a gulch placer, please provide a) a topographical map and b) the % steepness of the

Copy Rec'd

slope. A gulch placer is located on the bed of a river contained within steep, non-mineral canyon walls and the slope should be at least 35% to 60%.

2. Amend the mining claim using the U.S. Public Land Survey System and its rectangular subdivisions and describe the mining claim by aliquot parts and complete lots.

Keep in mind that when amending a mining claim, no new ground can be taken in. A placer mining claim must contain at least 10 acres. Therefore an amended claim would have to contain at least 10 acres and must be described by aliquot parts. If this cannot be achieved, the claim should be relinquished and a new claim located correctly, rather than amending an incorrectly located claim.

If you are able to correctly amend the claims listed above and decide to do so, there is a \$10 BLM processing fee for each amendment. The amendments must be received by BLM within 30 days of your receipt of this notice. If the amendments are not received within the 30 day timeframe the mining claims will be declared null and void.

If additional information is required, please contact RéAnn Myers at 602-417-9413. Please include your AMC serial number(s) on all correspondence.

2. Placer claims **CANNOT** be filed with Lode Claim dimensions (1500 x 600)
3. The map of the claim **MUST** clearly identify and show the quarter section lines and where the claim lies within the quarter section. The claim dimensions must be noted on the map.
4. **Placer claims**, in accordance with 43 CFR 3832.12(c) (1) **MUST be described by aliquot part and complete lots using the U.S. Public Land Survey System and its rectangular subdivisions** except when placer claims are (i) on unsurveyed Federal lands; (ii) Gulch or bench placer claims; or (iii) Bounded by other mining claims or nonmineral lands. If one of these situations exists, the claim must be described by metes and bounds.
5. **A placer claim should not be located diagonally or in an odd or unusual shape.**
6. Using the rectangular survey system the following are examples of correct dimensions for a placer claim:  
20 acre claim = 1320 x 660;                      40 acre claim = 1320 x 1320;  
60 acres claim = 1980 x 1320;                80 acre claim = 2640 x 1320;  
160 acre claim = 2640 x 2640
7. **A Placer Claim must always conform to the following length requirements.** Even if you have a situation where you must locate the claim using metes and bounds you must still comply with these requirements to keep your claim in compact form. (43 CFR 3832.12(a)(1))

### MINING CLAIMS HELD FOR REJECTION

A small miner's maintenance fee waiver certification was received in this office for the 2018 assessment year for the mining claims listed above. We did not receive a Notice of Intent to Hold (NOI) on or before December 30, 2017.

Pursuant to the Federal Land Policy and Management Act of 1976, as amended, and regulations found at 43 CFR 3835.15, you are not required to perform assessment work in the calendar year in which you locate a mining claim or mill site. If in the calendar year the claim is located, a small miner maintenance fee waiver certification is filed for a mining claim, a notice of intent to hold must be filed on or before December 30<sup>th</sup> along with a \$10 processing fee per claim. However, because this requirement is regulatory, and not statutory, this is a curable defect.

Since your mining claims were located during the 2017 calendar year, you must file an NOI, along with the \$10 processing fee, within 30 days of your receipt of this notice. Failure to file the NOI and processing fee within 30 days of your receipt of this notice will constitute a forfeiture of the claim (43 CFR 3835.91).

Please include your AMC serial number(s) on all correspondence. If additional information is required, please contact RéAnn Myers at 602-417-9413.

## NOTICES

The **Privacy Act** and 43 CFR 2.223(d) require that you be furnished the following information in connection with the information requested by this form.

**AUTHORITY:** 30 U.S.C. 28f and 43 CFR part 3835 permit collection of the information requested by this form.

**PRINCIPAL PURPOSE:** The BLM will use the information you provide to verify that the owner(s) (claimants(s)) of a mining claim has/have complied with 30 U.S.C. 28f and 43 CFR part 3835 and is/are entitled to perform assessment work in lieu of paying the maintenance fee for the mining claims listed on this form.

**ROUTINE USES:** The BLM will only disclose this information in accordance with the provisions at 43 CFR 2.231(b) and (c).

**EFFECT OF NOT PROVIDING INFORMATION:** Disclosure of the requested information is required by 30 U.S.C. 28f and 43 CFR part 3835 for those claimants qualified to request the small miner waiver allowed. Failure to submit all the requested information or to complete this form will delay the BLM's processing of the form and may preclude the BLM's acceptance of the maintenance fee waiver request, which may result in forfeiture of the mining claim or site by the claimant.

The **Paperwork Reduction Act** requires us to inform you that:

The BLM collects this information to determine whether or not you are qualified for waiver of maintenance fees.

Submission of the requested information is necessary to obtain or retain a benefit.

You do not have to respond to this or any other Federal agency-sponsored information collection unless it displays a currently valid OMB control number.

**BURDEN HOURS STATEMENT:** Public reporting burden for this form is estimated to average 20 minutes per response, including the time for reviewing instructions, gathering and maintaining data, and completing and reviewing the form. You may submit comments regarding the burden estimate or any other aspect of this form to: U.S. Department of the Interior, Bureau of Land Management (1004-0114), Bureau Information Collection Clearance Officer (WO-630), Mail Stop 401 LS, 1849 C St., N.W., Washington, D.C. 20240.
