## DECISION

CALPORTLAND CO	:	This Decision Affects the Claim(s)
2025 E FINANCIAL WAY	:	Shown in the Block Below.
GLENDORA, CA 91741-4692	:	

---

AMC445815 - AMC445817  
LIBERTY NO. 1 - LIBERTY NO. 3

---

Mining Claim(s) Declared Forfeited  
Required Amendment Not Filed

In accordance with 43 CFR 3830.94, the mining claim(s) listed above are hereby declared forfeited for the reason indicated below.

A Notice requiring that the claim(s) listed above be amended was mailed to the above address by certified mail. The amendment(s) were required to be filed within 30 days of the date the Notice was either received or returned to this office unclaimed or undeliverable. The 30 day timeframe allowed has expired and no amendment(s) were received within the allowed timeframe.

This decision does not relieve you of the liability for reclamation of all areas disturbed by your activities on land encompassed by your mining claim(s) and/or site(s). After you complete the reclamation, you must notify the authorized officer of the appropriate surface managing agency so that the authorized officer may conduct a final site inspection and determine whether you may be released from liability. If you fail to reclaim the land to the satisfaction of the authorized officer, the surface management agency may cite you for noncompliance under its surface management regulations.

For land administered by the Bureau of Land Management (BLM), if you fail to reclaim the land to the satisfaction of the authorized officer as required in 43 CFR Subpart 3809, the BLM will issue an order of noncompliance under 43 CFR 3809.601(a). If you fail to comply with the

conduct reclamation is a prohibited act that may subject you to criminal penalties. See 43 CFR 3809.605(h) and 43 CFR 3809.700. If your occupancy has been terminated and you fail to remove structures, material, and equipment, and any personal property in accordance with the regulations in 43 CFR 3715.5-1, the BLM may dispose of the property. In accordance with 43 CFR 3715.5-2, you will remain liable for the costs the BLM incurs in removing and disposing of the property.

### Appeal Procedures

This decision may be appealed to the Interior Board of Land Appeals, Office of the Secretary, in accordance with the regulations contained in 43 CFR, Part 4 and the enclosed Form 1842-1. If an appeal is taken, your notice of appeal must be filed in this office (at the above address) within 30 days from receipt of this decision. The appellant has the burden of showing that the decision appealed from is in error.

If you wish to file a petition pursuant to regulation 43 CFR 4.21 (58 FR 4939, January 19, 1993), for a stay of the effectiveness of this decision during the time that your appeal is being reviewed by the Board, the petition for a stay must accompany your notice of appeal. A petition for a stay is required to show sufficient justification based on the standards listed below. Copies of the notice of appeal and petition for a stay must also be submitted to each party named in this decision and to the Interior Board of Land Appeals and to the appropriate Office of the Solicitor (see 43 CFR 4.413) at the same time the original documents are filed with this office. If you request a stay, you have the burden of proof to demonstrate that a stay should be granted.

### Standards for Obtaining a Stay

Except as otherwise provided by law or other pertinent regulation, a petition for a stay of a decision pending appeal shall show sufficient justification based on the following standards:

- (1) The relative harm to the parties if the stay is granted or denied,
- (2) The likelihood of the appellant's success on the merits,
- (3) The likelihood of immediate and irreparable harm if the stay is not granted, and
- (4) Whether the public interest favors granting the stay.

If additional information is required, please contact RéAnn Myers at 602-417-9413. Please include your AMC serial number(s) on all correspondence.

### Mining Claim Location Notice(s) – Amendment(s) Required

Pursuant to Title 43 Code of Federal Regulations (CFR) 3832.1, the Bureau of Land Management (BLM), Arizona State Office, received your notice(s) of location for recording mining claims. In accordance with 43 CFR 3832.12, the claim(s) listed above cannot be accepted as filed and must be amended as noted below.

1. In response to our letter dated July 31, 2018, you submitted documents stating reasons why your placer claims were not located in aliquot parts. Upon review of your documents we accept AMC445818, AMC445819, AMC445820, AMC445821, and AMC445822.
2. Although AMC445816 has private land north of it and is surrounded by other claim owned by you, it cannot exceed 1320 feet in length. A placer claim located by 1 to 2 persons cannot exceed 1320 feet in length. Your claim is 1500 feet in length. You must reduce the length of your claim from 1500 feet to 1320 feet.
3. Although AMC445817 has a mining claim to the south of it and is surrounded by other claims owned by you, it cannot exceed 1320 feet in length. A placer claim located by 1 to 2 persons cannot exceed 1320 feet in length. Your claim is 1500 feet in length. You must reduce the length of your claim from 1500 feet to 1320 feet.

4. AMC445815 is not described by aliquot parts. Based on the information you provided AMC445815 is bounded on the south by a mining claim and on the east by your mining claims. Nothing was shown to the north and west of the claim. Overlapping a lode claim owned by you is not reason to locate a placer by metes and bounds and not aliquot parts.

In accordance with 43 CFR 3832.12(c) (1) You must describe placer claims by aliquot part and complete lots using the U.S. Public Land Survey System and its rectangular subdivisions except when placer claims are (i) on unsurveyed Federal lands; (ii) Gulch or bench placer claims; or (iii) Bounded by other mining claims or non-mineral lands. If one of these situations exists, you must describe the lands by protracted survey or by metes and bounds. In all cases, your description of the land must be as compact and regular in form as reasonably possible and should conform to the U.S. Public Land Survey System and its rectangular subdivisions as much as possible.

The amendment(s) must provide one of the following:

1. Identify which situation exists that requires this placer mining claim to be located by metes and bounds and provide a metes and bounds description. If you believe the claim is a gulch placer, please provide a) a topographical map and b) the % steepness of the slope. A gulch placer is located on the bed of a river contained within steep, non-mineral canyon walls and the slope should be greater than 60%.
2. Amend the mining claim using the U.S. Public Land Survey System and its rectangular subdivisions and describe the mining claim by aliquot parts and complete lots.

Keep in mind that when amending a mining claim, no new ground can be taken in. A placer mining claim must contain at least 10 acres. Therefore, an amended claim would have to contain at least 10 acres and must be described by aliquot parts. If this cannot be achieved, the claim should be relinquished and a new claim located correctly, rather than amending an incorrectly located claim.

If you are able to correctly amend the claim(s) listed above and decide to do so, there is a \$15 BLM processing fee for each amendment. The amendment(s) must be received by BLM within 30 days of your receipt of this notice. If the amendment(s) is/are not received within the 30-day timeframe the mining claim(s) will be declared null and void ab initio.

If additional information is required, please contact RéAnn Myers at 602-417-9413. Please include your AMC serial number(s) on all correspondence.

Suite 800  
Phoenix, AZ 85004-4427

Re: 3800 (9200) BS  
AMC 445815

Dear Mr. Lucas Lucero,

RECEIVED  
BLM AZ STATE OFFICE  
2018 AUG 21 P 3:11  
PHOENIX, ARIZONA

CalPortland Co has received a Notice dated 7/31/18 from the BLM Arizona State Office for the placer mining claims below:

AMC445815, AMC445816, AMC445817, AMC445818, AMC445819, AMC445820, AMC445821, AMC445822. (Liberty 1-8)

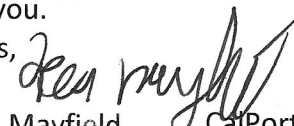

The notice suggests that our Liberty 1-8 placer claims have an inadequate legal description because they have been described by metes and bounds. In fact, all of our Liberty 1-8 placer claims had to be staked by metes and bounds outside of standard legal subdivision because they were bounded by both other mining claims and nonmineral private lands. In order to fit within available land, remain contiguous, overlay respective lode claims, and to follow the public land survey system "as much as possible" as specified by 43 CFR 3832.12, the claims were staked, located, and submitted with a metes and bounds legal description, as well as an aliquot parts description down to quarter section, and were included with maps tying one claim corner per claim to the SW section corner monument. According to 43 CFR 3832.12(c)(iii) we are within our rights to have staked the Liberty 1-8 claims outside of standard legal subdivision in our situation as we have.

The attached map illustrates and proves the necessity of staking our claims outside of standard public land survey system subdivisions beyond quarter sections. Also attached are printed photos of the CW claim group maps and location notices which are in the same section (pre-existing from another company or person), as well as a plat map of the section showing private land holdings, and lastly a copy of the BLM letter Received.

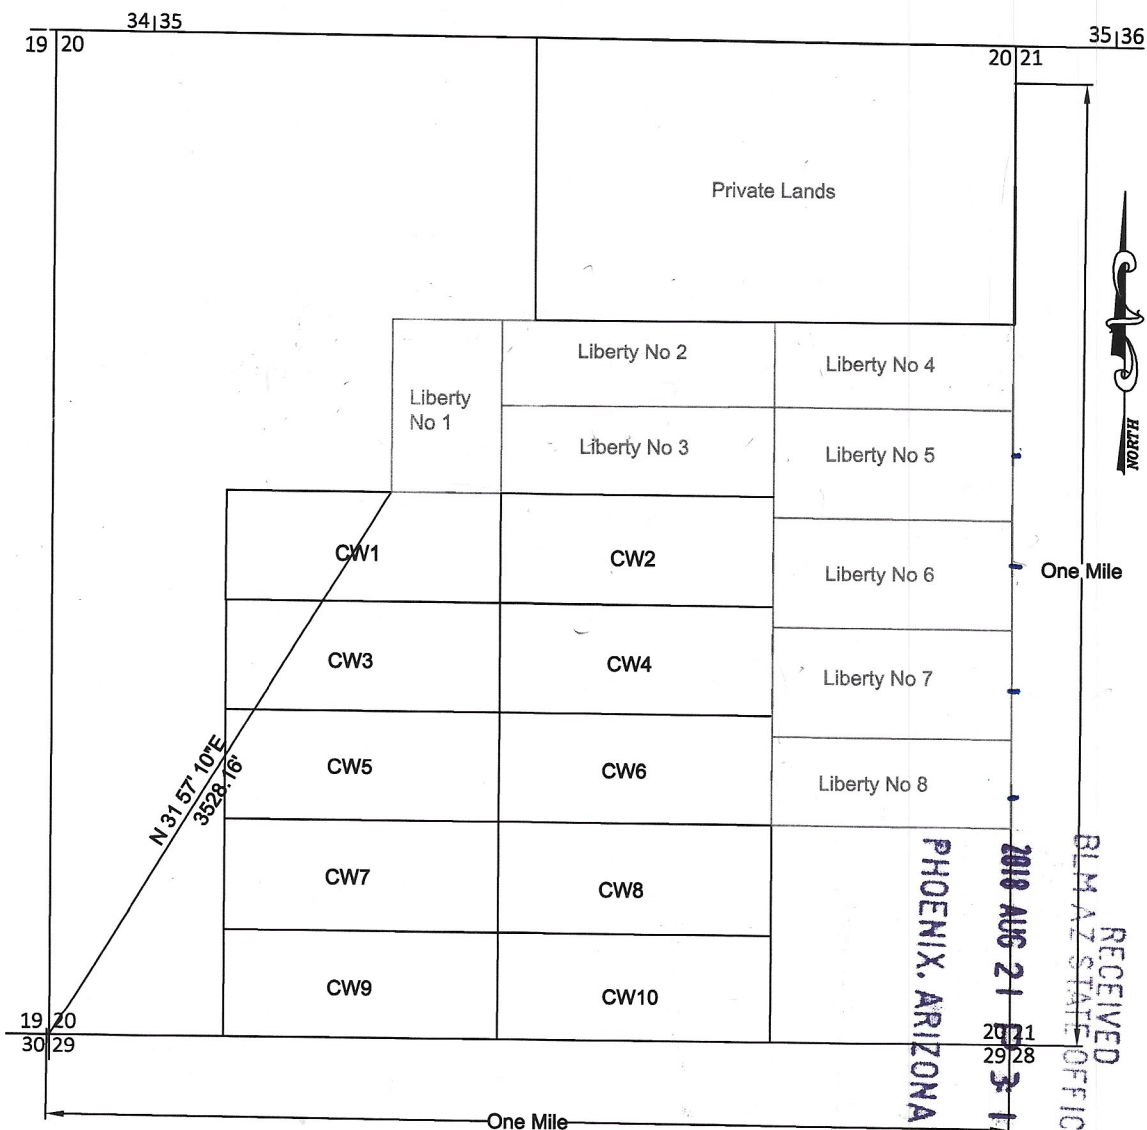

Is this explanation sufficient to hold our mining claims uncontested or will we have to submit this explanation as an amendment? Please advise.

Thank you.

Regards,

  
Kendall Mayfield      CalPortland Company  
Associate Geologist      626-691-1950

I (We) intend to hold the claim(s) and/or site(s) listed below for the calendar year 2015, and I (We) have filed or will file a Notice of Intent to Hold in the county where the claim (s) is located.

Reason for filing a Notice of Intent to Hold instead of an assessment work filing (check one):

- Maintenance fee was paid to maintain claim(s) during this assessment year.
- Mill or tunnel sites.
- Claim(s) was located during the current assessment year. (and - Small Miners Waiver)
- BLM has deferred assessment work (attach copy of decision granting deferment, or pending petition for deferment including date petition was filed.)

### Mining Claim Location Notice(s) – Amendment(s) Required

Pursuant to Title 43 Code of Federal Regulations (CFR) 3832.1, the Bureau of Land Management (BLM), Arizona State Office, received your notices of location for recording mining claims. In accordance with 43 CFR 3832.12, the claims listed above cannot be accepted as filed and must be amended as noted below.

- Your claim has an inadequate legal description – we cannot determine where the claim is located. You must describe the claim by state, meridian, township, range, section, complete lots, and by aliquot part to the quarter section.

In accordance with 43 CFR 3832.12(c) (1) You must describe placer claims by aliquot part and complete lots using the U.S. Public Land Survey System and its rectangular subdivisions except when placer claims are (i) on unsurveyed Federal lands; (ii) Gulch or bench placer claims; or (iii) Bounded by other mining claims or non-mineral lands. If one of these situations exists you must describe the lands by protracted survey or by metes and bounds. In all cases, your description of the land must be as compact and regular in form as reasonably possible and should conform to the U.S. Public Land Survey System and its rectangular subdivisions as much as possible.

The amendment must provide one of the following:

1. Identify which situation exists that requires this placer mining claim to be located by metes and bounds and provide a metes and bounds description. If you believe the claim is a gulch placer, please provide a) a topographical map and b) the % steepness of the

slope. A gulch placer is located on the bed of a river contained within steep, non-mineral canyon walls and the slope should be at least 35% to 60%.

- 2. Amend the mining claim using the U.S. Public Land Survey System and its rectangular subdivisions and describe the mining claim by aliquot parts and complete lots.

Keep in mind that when amending a mining claim, no new ground can be taken in. A placer mining claim must contain at least 10 acres. Therefore an amended claim would have to contain at least 10 acres and must be described by aliquot parts. If this cannot be achieved, the claim should be relinquished and a new claim located correctly, rather than amending an incorrectly located claim.

If you are able to correctly amend the claims listed above and decide to do so, there is a \$10 BLM processing fee for each amendment. The amendments must be received by BLM within 30 days of your receipt of this notice. If the amendments are not received within the 30 day timeframe the mining claims will be declared null and void.

If additional information is required, please contact Brent Squires at 602-417-9397. Please include your AMC serial number(s) on all correspondence.

### Mining Claim Location Notice(s) – Amendment(s) Required

Pursuant to Title 43 Code of Federal Regulations (CFR) 3832.1, the Bureau of Land Management (BLM), Arizona State Office, received your notices of location for recording mining claims. In accordance with 43 CFR 3832.12, the claims listed above cannot be accepted as filed and must be amended as noted below.

- Your claim has an inadequate legal description – we cannot determine where the claim is located. You must describe the claim by state, meridian, township, range, section, complete lots, and by aliquot part to the quarter section.

In accordance with 43 CFR 3832.12(c) (1) You must describe placer claims by aliquot part and complete lots using the U.S. Public Land Survey System and its rectangular subdivisions except when placer claims are (i) on unsurveyed Federal lands; (ii) Gulch or bench placer claims; or (iii) Bounded by other mining claims or non-mineral lands. If one of these situations exists you must describe the lands by protracted survey or by metes and bounds. In all cases, your description of the land must be as compact and regular in form as reasonably possible and should conform to the U.S. Public Land Survey System and its rectangular subdivisions as much as possible.

The amendment must provide one of the following:

1. Identify which situation exists that requires this placer mining claim to be located by metes and bounds and provide a metes and bounds description. If you believe the claim is a gulch placer, please provide a) a topographical map and b) the % steepness of the

slope. A gulch placer is located on the bed of a river contained within steep, non-mineral canyon walls and the slope should be at least 35% to 60%.

2. Amend the mining claim using the U.S. Public Land Survey System and its rectangular subdivisions and describe the mining claim by aliquot parts and complete lots.

Keep in mind that when amending a mining claim, no new ground can be taken in. A placer mining claim must contain at least 10 acres. Therefore an amended claim would have to contain at least 10 acres and must be described by aliquot parts. If this cannot be achieved, the claim should be relinquished and a new claim located correctly, rather than amending an incorrectly located claim.

If you are able to correctly amend the claims listed above and decide to do so, there is a \$10 BLM processing fee for each amendment. The amendments must be received by BLM within 30 days of your receipt of this notice. If the amendments are not received within the 30 day timeframe the mining claims will be declared null and void.

If additional information is required, please contact Brent Squires at 602-417-9397. Please include your AMC serial number(s) on all correspondence.
