### Mining Claim Location Notice(s) – Amendment(s) Required

Pursuant to Title 43 Code of Federal Regulations (CFR) 3832.1, the Bureau of Land Management (BLM), Arizona State Office, received your notice(s) of location for recording mining claims. In accordance with 43 CFR 3832.12, the claim(s) listed above cannot be accepted as filed and must be amended as noted below.

- The claim is not in aliquot parts. Your claim is 1500 x 660 feet. To be in aliquot parts, the width would remain 660 feet, but the length would need to be reduced to 1320 feet.
- Your claim has an inadequate legal description – we cannot determine where the claim is located. You must describe the claim by state, meridian, township, range, section, complete lots, and by aliquot part to the quarter section.
- Inadequate maps were provided - you must clearly show on a map or sketch the boundaries of the claim. The map should clearly mark the boundaries of both the section and quarter section and should depict where within the quarter section the claim lies. The map should be accurate enough for BLM to identify the mining claims or sites on the ground. The map should depict both sections and the quarter sections within the sections. Distances from the sides, top and bottom of the sections should be listed on the map to give us a more accurate idea of the where the claim actually lies on the ground. The length and width of the claim should also be written on the map.
- If you intended to file a lode claim, you should file a new claim. You cannot amend a claim to be a different type of claim. Also be aware the maximum dimensions for a lode claim are 1500 feet length x 600 feet width.

In accordance with 43 CFR 3832.12(c) (1) You must describe placer claims by aliquot part and complete lots using the U.S. Public Land Survey System and its rectangular subdivisions except when placer claims are (i) on unsurveyed Federal lands; (ii) Gulch or bench placer claims; or (iii) Bounded by other mining claims or non-mineral lands. If one of these situations exists you must describe the lands by protracted survey or by metes and bounds. In all cases, your description of the land must be as compact and regular in form as reasonably possible and should conform to the U.S. Public Land Survey System and its rectangular subdivisions as much as possible.

The amendment(s) must provide one of the following:

1. Identify which situation exists that requires this placer mining claim to be located by metes and bounds and provide a metes and bounds description. If you believe the claim is a gulch placer, please provide a) a topographical map and b) the % steepness of the slope. A gulch placer is located on the bed of a river contained within steep, non-mineral canyon walls and the slope should be greater than 60%.
2. Amend the mining claim using the U.S. Public Land Survey System and its rectangular subdivisions and describe the mining claim by aliquot parts and complete lots.

Keep in mind that when amending a mining claim, no new ground can be taken in. A placer mining claim must contain at least 10 acres. Therefore an amended claim would have to contain at least 10 acres and must be described by aliquot parts. If this cannot be achieved, the claim should be relinquished and a new claim located correctly, rather than amending an incorrectly located claim.

If you are able to correctly amend the claim(s) listed above and decide to do so, there is a \$15 BLM processing fee for each amendment. The amendment(s) must be received by BLM within 30 days of your receipt of this notice. If the amendment(s) is/are not received within the 30 day timeframe the mining claim(s) will be declared null and void ab initio.

If additional information is required, please contact RéAnn Myers at 602-417-9413. Please include your AMC serial number(s) on all correspondence.

### Amendment(s) Not Processed

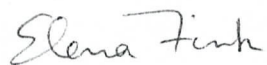

An amendment for the claim(s) listed above was received by the Bureau of Land Management (BLM) Arizona State Office. The amendment(s) cannot be processed for the following reason:

- You cannot increase acreage or add new land to a claim with an amendment.
- Your claim has an inadequate legal description – we cannot determine where the claim is located. You must describe the claim by state, meridian, township, range, section, complete lots, and by aliquot part to the quarter section.
- We are not able to use Global Positioning System (GPS) coordinates for conversion and are, therefore, unable to plot your claim from the description and map you provided.
- The claim is not in aliquot parts. Your claim is 1500 x 660 feet. To be in aliquot parts, the width would remain 660 feet, but the length would need to be reduced to 1320 feet.
- If you intended to file a lode claim, you should file a new claim. You cannot amend a claim to be a different type of claim. Also be aware the maximum dimensions for a lode claim are 1500 feet length x 600 feet width.

If appropriate, please submit a corrected amendment or additional fees, within 30 days of your receipt of this notice. If the required information is not received with the 30-day timeframe, the amendment(s) will not be processed and the BLM will retain the non-refundable processing fees submitted.

If additional information is required, please contact RéAnn Myers at 602-417-9413. Please include your AMC serial number(s) on all correspondence.

### Amendment(s) Not Processed

An amendment for the claim(s) listed above was received by the Bureau of Land Management (BLM) Arizona State Office. The amendment(s) cannot be processed for the following reason:

- You cannot increase acreage or add new land to a claim with an amendment.
- Your claim has an inadequate legal description – we cannot determine where the claim is located. You must describe the claim by state, meridian, township, range, section, complete lots, and by aliquot part to the quarter section.
- We are not able to use Global Positioning System (GPS) coordinates for conversion and are, therefore, unable to plot your claim from the description and map you provided.
- The claim is not in aliquot parts. Your claim is 1500 x 660 feet. To be in aliquot parts, the width would remain 660 feet, but the length would need to be reduced to 1320 feet.
- If you intended to file a lode claim, you should file a new claim. You cannot amend a claim to be a different type of claim. Also be aware the maximum dimensions for a lode claim are 1500 feet length x 600 feet width.

If appropriate, please submit a corrected amendment or additional fees, within 30 days of your receipt of this notice. If the required information is not received with the 30-day timeframe, the amendment(s) will not be processed and the BLM will retain the non-refundable processing fees submitted.

If additional information is required, please contact RéAnn Myers at 602-417-9413. Please include your AMC serial number(s) on all correspondence.

Elena Fink  
Deputy State Director  
Lands, Minerals and Energy Division

FORM APPROVED  
OMB NO. 1004-0114  
Expires: January 31, 2020

SEE INSTRUCTIONS ON PAGE 2

- This small miner waiver is filed for the assessment year beginning on September 1, 2019 and ending on September 1, 2020.
- The undersigned and all related parties owned ten or fewer mining claims, mill, or tunnel sites located and maintained on Federal lands in the United States of America on September 1, 2019.
- The undersigned have performed the assessment work required by law for each mining claim listed prior to filing this waiver and understand that by filing this form, the undersigned must file an affidavit of assessment work with the Bureau of Land Management (BLM) by the December 30th following the filing of this waiver.
- The undersigned understand that if the assessment work obligation has not yet come due under 30 U.S.C. 28 (for those claims in their first assessment year only), a notice of intent to hold reciting this condition must be recorded by the December 30th following the filing of this waiver.
- The undersigned understand that mill and tunnel sites may also be listed on this waiver and be waived from payment of the maintenance fee, and that a notice of intent to hold for these sites is required to be filed with the BLM by the December 30th following the filing of this waiver.
- The undersigned understand and acknowledge that pursuant to 43 U.S.C. 1212 and 18 U.S.C. 1001, the filing or recording of a false, fictitious, or fraudulent document with the BLM may result in a fine of up to \$250,000, a prison term not to exceed five years, or both.
- The mining claims, mill or tunnel sites for which this waiver from payment of the maintenance fees is requested are:

## CR Geographic Report with Land

[Download User Guide \(pdf\)](#)

**Purpose:** This report produces a geographic listing of case information based on retrieval by Meridian/Township/Range. This report format will display the case type, case disposition, meridian, township, range, section, survey type, survey number, surface management agency, pending actions, serial number, and total case acres.

To refresh the query, do a **Ctrl-R**. It resets the page and clears any criteria fields that may have entries.

### No Results

The specified criteria didn't result in any data. This is often caused by applying filters and/or selection steps that are too restrictive or that contain incorrect values. Please check your analysis filters and selection steps, and try again. The filters or selection steps currently being applied are shown below.

### Filters

Meridian Township Range is equal to **14 0112N 0010E 031**  
and Admin State is equal to **AZ**
