OATH OF ASSISTANTS

We hereby certify that we assisted **Thomas F. Myers,**
Chief Surveyor - Forest Service in surveying all those
[Forest Service Title.]

parts or portions of Homestead Entry Survey No. **643**, in the State
of **Arizona** which are represented in the following field notes
as having been surveyed by him and under his direction; and that said
survey has been in all respects, to the best of our knowledge and
belief, well and faithfully surveyed, and the corner monuments estab-
lished, according to the instructions furnished by the United States
Surveyor General for **Arizona**.

Note: It would have been
very expensive and incon-
venient to appear before an
officer to administer Oaths
to Assistants; hence they
were taken by the Surveyor.

OATH OF SURVEYOR

I, **Thomas F. Myers, Chief Surveyor - Forest Service,**
[Forest Service Title.]

do solemnly swear that, in strict conformity with the special instruc-
tions of the United States Surveyor General for **Arizona**, dated
February 27, 19**24**, and the laws of the United States, I have
well, faithfully, and truly, in my own proper person, surveyed a tract
of land embraced in

List , No. **3-4588**, dated **October 9**, 19**23**, for
Patent , under the Act of **June 11**, 19**06**,
the same to be known as Homestead Entry Survey No. **643**,
situated within the **Prescott** National Forest, in approx.
un-surveyed Section **5 & 8**, Township **12 N.**, Range **1 W.**, and
--- surveyed Section -----, Township -----, Range -----

of the **Gila & Salt River Base and meridian, Arizona**, and the
related retracements and resurveys and section subdivisions, which are
represented in the following field notes as having been surveyed by me;
and I further solemnly swear that all the corners of said survey have
been established and perpetuated in strict accordance with the stated
special instructions, and in the specific manner described in the field
notes, and that the following are the original field notes of such

Thomas F. Myers
Chief Surveyor - Forest Service.
[Forest Service Title.]

Subscribed and sworn to before me this **20th** day of

Applicant for listing, Louis Dondrea^{Jr.}; List No. 3-4588, dated October 9, 1923; made in the Phoenix Land Office by Louis Dondrea Jr. Entry No. 056673 made in the Phoenix Land Office July 24, 1924. Surveyed under special instructions from the Surveyor General for Arizona, dated February 27, 1924, and designated as Homestead Entry Survey No. 643. Situated in what will probably be when surveyed Sec. 5, & 8 T. 12 N., R. 1 W., Gila and Salt River Base and Meridian, Prescott National Forest, Arizona. Surveyed under the Acts of June 11, 1906, and June 5, 1924.

Survey commenced September 22, 1924, and executed with a Buff and Buff transit No. 10019, equipped with Smith solar attachment.

I test the adjustments of the transit and make necessary corrections.

All distances are horizontal, and were reduced from measurements made directly on the slope with a 400 link steel tape. The slope angles were determined with a clinometer.

My watch is set for standard time obtained from Western Union office at Ashfork, Arizona, on September 20, 1924.

September 22, 1924.

At my station near Cor. No. 1 of this survey, hereinafter described, at 6h. 00m, 30s, p.m., l.m.t., in Latitude 34°24'30" N., Longitude 111°22'50" W., obtained from Forest Service Base Map, I observe Polaris with telescope direct, reading an angle of 1°14'30" from star to left to reference mark, a stake set in the ground 10 chs. north of my station.

GENERAL DESCRIPTION

This claim is situated on Turkey Creek, and is comprised of small, open flats along the creek bottom and slope land along the creek adjoining the flats. Approximately 20 acres of the area is suitable for agricultural purposes, of which about 15 acres have been put under cultivation. The soil is a dark sandy loam and very fertile and produces good crops of small grain, hay and garden vegetables.

Water for domestic purposes is obtained from the well.

Water for stock purposes is obtained from a spring on Cold Water Lode survey 3209 (unpatented).

There is a good stand of pine reproduction along the boundaries of the claim.

The claim is located in a mineralized section. There are no producing mines in the immediate vicinity, though the area shows evidence of having been pretty thoroughly prospected. No mineral in paying quantities was found.

CONFLICTS AND ADJOINING CLAIMS

There are no conflicts or adjoining claims. The entry on Cold Water Lode, survey 3209, was cancelled by Commissioner's letter of January 14, 1918.

Buena, Arizona, the nearest settlement and postoffice, lies about 8 miles in a southerly direction and is reached by trail.

Prescott, Arizona, the nearest railway point and trading center, lies about 14 miles in a northwesterly direction, and is reached by 5 miles of trail and 9 miles of good road.

Survey completed September 23, 1924.

Thomas J. Meyer

Chief Surveyor.

- DIRECTIONS.—1. Carry out calculations to two decimals only.
 2. In balancing Latitudes and Departures do not obliterate or change the original figures. Put the corrected figure or figures above in red ink. Do not change the footing of the original figures, but put below them the corrected footing in red ink. The corrections for balancing fallings should be proportional to the lengths of the lines.
 3. In calculations of fallings take result to nearest link. In calculations of N. and S. areas drop all after second decimal. Surveyors are required to use the Standard Field Tables issued by the G. L. O.
 4. Only three copies of this tabulation are necessary, for the District Office, the Surveyor General, and the Commissioner.
