General Description

This claim is situated along the
Summit of the Hassayampa
Mountains.

The claim produces gold bearing
ore in considerable quantities
and of good quality.

The improvements on the claim
consist of shafts and cuts as rep-
resented by the foregoing field notes
and were performed by the applicant
or his grantors

May 19th 1880

L. Burton Foster
U.S. Deputy Surveyor Mineral Lands

FINAL OATHS FOR SURVEYS OF MINING CLAIMS AND MILL-SITES.

A list of the names of individuals employed to assist in running, measuring, or marking the lines and corners described in the foregoing field-notes of the survey of
