Survey of the,

Addie Mining Claim,
Tombstone Mining District.

Pima County A. T.
by A. G. Howe,

U. S. Deputy Mineral Surveyor.
Apr 6th 1880.

I find upon examination of the claim upon the ground 1st that the claim as described in the certified location notice, overlaps the Mayflower Mining Claim, therefore I run the South west line of the Mayflower Mining Claim and note the intersection of the north east end line of the Addie Mining Claim. I do this because the Mayflower Mining Claim was located before the Addie Mining claim was located. I find that under section 2320, Revised Statutes of the United States, "The end lines of each claim shall be parallel to each other."

Therefore I note the bearing of the south west end of the claim and find that I have to draw in the north east corner of the claim until the ^{North East} end line is parallel with the South west end line, and establish my monument at the intersection of the South west side line of the Mayflower Mining Claim, The South East side line I find correct and not in conflict with any other claim, and therefore commence the Official Survey of the

Addie Mining Claim so fully described on the next attached page where full and complete field notes are given,

very respectfully,

A. G. Howe
United States Deputy Surveyor
of Mineral Lands.

Field Notes of the Addie Mining Claim.

Tombstone Mining District.
Pima County, A.S.

Surveyed by A.G. Howe,

U.S. Deputy Mineral Surveyor,
Tombstone A.S.

November 6th and 8th 1880,

John Kratzmyer } Chainmen,
C.D. Brigham }
Edward P. Wheeler } Surveyor.

I commence at the Initial Monument situated at the South west end center, where I set Stake 4x4 inches 5 ft long in a monument of stone conical in form 3 1/2 ft at base and 3 feet high. Stake marked S. M. A. M. C. No. 1. (All letters and figures on stakes cut with a gouge, letters sunk 1/8 of an inch and 1/4 of an inch wide cut).

From this the initial monument,

U. S. M. M. No. 1. (Kaumkeag Hill) bears.

S 40° E. 584. feet distant. The variation 11° 30' E by observation of Polaris,
Shaft No 1. 4 x 6 ft. 16 feet deep. bears.

N 11° W. 224. ft. distant.

Shaft. No 2. bears.

N 10° E. 156. ft distant, and is 4 x 6 ft. 75 ft deep.

Then from Initial monument I run,

N 12° 30' W. 229 1/2 ft. and set stake 4x4 inches 5 ft long in monument of stone conical in form, 3 1/2 ft at base and 3 feet high Stake marked A. M. C. No 2. for the North west corner of claim.

Then I run,

N 65° 20' E 300 feet to deep gulch runs North.

782. feet, set Stake 4x4 inches 5 ft long, in monument of stone conical in form 3 1/2 feet at base 3 ft high. for the North east corner of claim. Stake marked A. M. C. No 3.

Then I run,

S 12° 30' E 109 feet, and set stake 4x4 inches 5 ft long, in monument of stone conical in form, 3 1/2 ft at base 3 ft high. Stake marked. A. M. C. No 4. for East end monument.

Thence,

S 12° 30' E 297. feet, and set Stake 4x4 inches 5 ft long in monument of stone

conical in form. $3\frac{1}{2}$ feet at base. 3 ft high. Stake marked
A. M. C. No 5. for south east corner of claim.
Then run,

S 58° W.

38 ft. find stake in line marked Black Prince Mining Claim.
808 feet. set stake 4"x4" inches, 5 ft long. in monument of stones
conical in form. $3\frac{1}{2}$ feet at base. 3 ft high. stake marked
A. M. C. No 6. for south west corner of claim.
Then run,

N 12° 30' W

163 feet. find stake in line marked north east corner of Emilie
Mining Claim.
297 feet. to Stake No 1. and place of commencing.
Containing 8.15 Acres

General Description.

Of the Addie Mining Claim.

This claim is situated about 1 mile south of Tombstone
on the north west slope of Kaumkeag Hill, and is bound-
ed by the following Mining claims. on the north by the
May Flower Mining Claim. on the east by the Flora,
Morrison Mining Claims, on the south by the Black Prince
Mining Claim, and on the west by the Emilie Mining
Claim. The improvements upon this claim consist
in the sinking of two shafts. Shaft No 1 being near the N.W.
corner is 4x6 ft and 16 feet deep. shows some ore. Shaft No 2
75 feet deep 4x6 feet and shows ore but not in large well
defined body. Therewith and duplicate samples of ore, are
both from Shaft No 1. The value of said improvements amount

to \$500⁰⁰/₁₀₀

All of the above described stakes are of Pine 4"x4" inches, planed
with the letters and figures cut in them, with a gouge. All of the
stakes, are placed in the center of the different monuments
as above described, monuments carefully and substantially
built of Stone, and all the lines were carefully measured
with steel chain, tested by U.S. Standard, and the above
field notes and description fully describes the Addie
Mining Claim. Surveyed under instructions of Surveyor
General bearing date of Oct 22nd 1880. And.

I hereby certify that the above field notes are correct and
give a complete description of the Addie Mining Claim.

Henry G. Howe,

U.S. Deputy Mineral Surveyor.

FINAL OATHS FOR SURVEYS OF MINING CLAIMS ~~AND~~ MILL SITES.

A LIST of the names of individuals employed to assist in running, measuring, or marking the lines and corners described in the foregoing field-notes of the survey of _____

The *Addie Mining Claim*,
located in *Tombstone*, _____ Mining District, *Pima*
County, Arizona, showing the respective capacities in which they acted.

- S. D. Brigham*, Chainman.
