From the same monument a frame building 24 x 36 feet, bears S. $12^{\circ} W$. 429 feet distant.

And I hereby certify that the value of these improvements exceeds the the sum total of Twenty five hundred (\$2500) Dollars.

General Description.

This claim is situated in the Copper Mountain Mining District Graham, (formerly Apache County) Arizona Territory.

The Rio Francisco flows through the claim from East to West as shown upon accompanying plat.

Abundance of water is supplied by the river for the purposes of Placer Mining.

The land is valuable for the purpose claimed and the improvements made directly for the benefit of the claim exceed Five hundred (\$500) Dollars for each of the locations composing said William Church Placer Claim.

The quality of the soil is shown by the duplicate samples from each location, herewith transmitted and from personal examination I believe that no known lodes or veins of the metals named in the Revised Statutes of the United States exist within the limits of claim.

C. B. Haggsett and ^{Patrick M. Donnell} ~~W. C. Patton~~ of the said County and Territory, being each first duly sworn, depose and says; that he is well acquainted with the William Church Placer Mining Claim embracing the following named contiguous placer mining locations viz: W. B. Rockwell, W. Church, J. B. Church, F. A. Whitson and G. W. Davison, situated in the Copper Mountain Mining District, in the County of Graham and Territory of Arizona, opened and worked by said William Church applicant for Survey prior to application for United States Patent; that for more than one year he has resided near, and often been upon the said placer mining premises and that no known vein or veins of Quartz or other rock in place bearing Gold, Silver, Cobalt, Lead, Tin or Copper, exists on said mining premises, or on any part thereof, so far as he knows; and he verily believes that none exist thereon.

And further that he has no interest whatever in the said placer mining premises of said William Church.
