Official Survey

of the Mariposa First North Extension Ora Plata Co. Mine

Claimed by Lamson S. Welton, William F. Grounds and Henry D. Wilson, Situate in the Wallapai Mining District, County of Mohave Territory of Arizona.

The survey has been executed with a Helles and Brightley Transit (Philadelphia make)

I determined the true meridian by equal shadows of the sun, making my observations at the time of the summer solstice June 21st 1883 and obtained fourteen (14) degrees and twenty five (25) minutes east as the variation.

The Mariposa First north Extension Ora Plata Co Mine, having been located prior to May 10th 1872 and the certified copy of the location notice of said mine being not sufficiently definite and certain to enable me to make a correct survey therefrom, I served notice in writing on J. P. Layne an owner of mining ground adjacent to the Mariposa First north extension Ora Plata Co. Mine, he being also one of the original locators of said Mariposa First north extension Ora Plata Co Mine, and having ascertained by his testimony the boundaries as originally established, I made the survey in accordance therewith, and with the local laws in force at the time of location of said Mariposa First North Extension Ora Plata

Feet
