PRELIMINARY OATHS

FOR SURVEYS OF MINING CLAIMS AND MILL SITES.

WE, Charles Smith and G. W. Coleman
do solemnly swear that we will faithfully execute the duties of Chain Carriers: that we will level the chain upon uneven ground, and plumb the tally pins, whether by sticking or dropping the same; that we will report the true distance to all notable objects, and the true length of all lines that we assist in measuring, to the best of our skill and ability.

Official Survey
of the
Todd Mine claimed by
A. E. Davis, situate in Hallapai
Mining District, County of Mohave
Territory of Arizona

Official Survey of the Todd

Mine claimed by A. B. Davis
situate in the Wallapai Mining
District, County of Mohave, Territory
of Arizona

The survey has been executed with
a Heller and Brightley Transit
(Philadelphia make)

I determined
the true meridian by equal shadows
of the sun, making my observations
at the time of the summer solstice
June 21st 1883, and obtained (14th)
fourteen degrees and twenty five
(25) minutes east, as the variation

The Todd mine having been located
prior to May 10th 1872, and the certified
copy of the location notice of said
mine being not sufficiently definite
and certain to enable me to make
a correct survey therefrom, I served
notice in writing on Thomas Mulli-
gan and Ed. Smith - owners of Mining
ground adjacent to the Todd mine

On the day set for taking testimony,
Thomas Mulligan, Ed. Smith, J. P.
Layne and myself were on the Todd
Claim, and as neither Mulligan nor
Smith were in the Wallapai District
at the time of the location of said
Todd mine, I took the testimony
of said J. P. Layne, one of the original
locators of said Todd mine,

And having ascertained by his
testimony, the boundaries as origi-
nally established, I made the
survey in accordance therewith,
and with the local laws in force in
Wallapai Mining District at time
of location of said Todd mine.
