Vein or Lode Mining Location Notice

Notice is hereby given that I the undersigned have this day claimed fifteen hundred linear feet undivided along the course of the Cochise.

vein lode or mineral deposit as authorized by the second section of the Mining Act of Congress approved May 10th 1872, the said vein lode or deposit extending in a North-easterly and Southwesterly direction as near as can be determined from present developments; the claim hereby located running north easterly the distance of Seven hundred and fifty feet & Southwesterly the distance of Seven hundred and fifty feet from the discovery shaft on said mineral vein or deposit; the mouth of which said shaft lies near what is commonly known as Munson's Gulch bearing N. Easterly and Southwesterly and about one fourth mile more or less below an Adobe Cabin built by Dr Leffingwell.

The surface ground claimed in connection with said Cochise - - - vein, lode or mineral deposit being six hundred feet in width, the same extending three hundred feet on each side of the middle of the vein at the surface as allowed by the mining regulations and customs of the Globe Mining District County of Pinal and Territory of Arizona in which

said Mining Claim is situated. The mining ground hereby claimed and taken up is so marked by stakes and monuments at the corners thereof that its boundaries may readily be traced upon the surface as required by law: the mining ground adjoining this claim upon the south being the Cadmus

Mining Claim the adjoining mining ground on the north being unknown, the discovery shaft on the Cadmus mine being distant about Eight hundred feet more or less easterly from the discovery shaft on the Cochise Mining Claim hereby located about ten feet to the right or N. Easterly from the discovery shaft is a small Juniper tree blazed and marked X X. This tree is on the line of the lode or vein
