Tunnel No 3, 4' x 6' x 250', bears S 75°-22' E 335 feet from the W side center.

Value 2500.00

Tunnel No 4, 4' x 6' x 150', bears N 68°-42' E 200 feet from the W side center.

Value 1500.00

Shaft No 5, 5' x 8' x 100' deep, commencing with Tunnel No 4, bears N 86°-17' E, 320 feet from the W side center.

Value 1700.00

Total \$64730.00

This estimate is believed to be somewhat below the actual cost of the improvements since a large portion of the work has been through the hard Syenite, and the cost of the work is estimated at \$64730.00

The discovery of these claims is well defined, from the N end center of the Gold note to near the S end center of the Surprise and it is being developed from both ends. The principal shaft is at shaft No 3 of the Gold Note, where sinking is now in progress. The parallel

ledges in the Iowa & Des Moines on the East and the Oregon, Maine and Aztec on the West are to be opened up as depth, through cross cuts and the whole property operated through one shaft (No. 3). These cross cuts have been commenced. On the 2<sup>nd</sup> level, on the Dold Note claim a crosscut runs 104' East, on the 3<sup>rd</sup> level a crosscut runs 75 ft. west. Project - a Tunnel is proposed to start about the middle of the Center claim, to connect with shaft No. 3 at a low level, (650 ft. below surface <sup>or collar</sup> of shaft No. 3.) forming an outlet for the ore of the whole group of claims north of the Agua Fria River. Shaft No. 3 forms this outlet at the present time.

The bearing of line 2-5 of the Compromise lode of Survey No. 1286 is ~~recorded as~~ <sup>copy on file in Bureau Land Office.</sup> on the official plot as  $S 86^{\circ} - 10' E$ . I make the bearing of the same <sup>line</sup>  $S 86^{\circ} - 32' E$ . My bearings were derived from an observation on Polaris on Jan. 19<sup>th</sup> 1900. at 11:51 P.M. Var.  $13^{\circ} 48' E$ . The bearing of line 4-5 is shown on plot as  $S 9^{\circ} - 30' E$  and I make it  $S 9^{\circ} - 52' E$ .

This survey was made with a Gurley High Mountain Transit. The courses were deflected from the true meridian as determined by an observation on Polaris. The distances were measured with a 100 foot steel tape.

# NOTICE OF LOCATION.

## KNOW ALL MEN BY THESE PRESENTS:

That..... the undersigned, have this day located fifteen hundred (1500) linear feet of this vein or lode, bearing precious metals, with all dips, spurs, angles and variations, with surface ground three hundred (300) feet on each side of the center of vein, with all mineral deposits contained therein, and all timber growing within the limits of said claim, and all water and water privileges thereon or appurtenant thereto, under and according to the provisions of the Mining Laws of the United States, under which it is located.

This claim commences at this Monument and Notice placed upon the ledge, and runs 750 feet in a northerly direction and 750 feet in a southerly direction along the ledge, from discovery shaft.

The exterior boundaries are as follows, viz: Commencing at a monument of stone on west boundary line, distant three hundred (300) feet in a westerly direction from discovery monument; thence in a northealy direction parallel with the ledge 750 feet to monument of stone at N. W. corner of claim; thence in an easterly direction at right angles across the ledge six hundred (600) feet to monument of stone at N. E. corner of claim; thence in a southerly direction parallel with the ledge fifteen hundred (1500) feet to monument of stone at S. E. corner of claim; thence at right angles across the ledge, in a westerly direction six hundred (600) feet to monument of stone at S. W. corner of claim; thence in a northerly direction parallel with the ledge 750 feet to monument on west boundary and place of beginning.

This ledge may be more generally described as situated in Black Canon Mining District - - the east side line of this claim being on the west side line of the Gold note claim - the north end line however being 300 feet north of the north end line of the Gold note

in Black Canon - Mining District, Yavapai County, Arizona Territory, and shall be known as the Attee Mining Claim.

## LODE CLAIM.

TO ALL WHOM IT MAY CONCERN:

"Lawa"

This mining claim, the name of which is the \_\_\_\_\_ Mining Claim, situate on lands belonging to the United States of America, and in which there are valuable mineral deposits, was entered upon and located for the purpose of exploration and purchase by \_\_\_\_\_

the undersigned, on the \_\_\_\_\_ day of \_\_\_\_\_, 1900  
The length of this claim is \_\_\_\_\_ feet, and \_\_\_\_\_ claim \_\_\_\_\_ feet in a northerly direction, and \_\_\_\_\_ feet in a southerly direction from the center of the discovery shaft, at which this notice is posted, lengthwise of the claim, together with three hundred (300) feet in width of the surface grounds, on each side of the center of said claim. The general course of the lode deposit and premises is from the northerly to the southerly.

The claim is situated and located in the \_\_\_\_\_ Mining District, in Yavapai County, in the Territory of Arizona, about \_\_\_\_\_ in a \_\_\_\_\_ direction from \_\_\_\_\_

The surface boundaries of the claim are marked upon the ground as follows: Beginning at a monument of stones \_\_\_\_\_ at a point in a northerly direction \_\_\_\_\_ feet from the discovery shaft (at which this notice is posted), being in the center of the north end line of said claim; thence easterly 300 feet to a monument of stones, being the northeast corner of said claim; thence southerly 750 feet to a monument at the center of the east side line of said claim; thence southerly 750 feet to a monument of stones, being at the southeast corner of said claim; thence westerly 300 feet to a monument of stones at the center of the south end of said claim; thence westerly 300 feet to a monument of stones, being at the southwest corner of said claim; thence northerly 750 feet to a monument of stones, being at the center of the west side line of said claim; thence northerly 750 feet to a monument of stones at the northwest corner of said claim; thence easterly 300 feet to the place of beginning.

All done under the provisions of Chapter Six, of Title XXXII, of the Revised Statutes of the United States, and of an Act of the General Assembly of Arizona, entitled "An Act Concerning Mines," approved March 20th, 1895, and amended March 2d, 1899.

That..... the undersigned, have this day located fifteen hundred (1500) linear feet of this vein or lode, bearing precious metals, with all dips, spurs, angles and variations, with surface ground three hundred (300) feet on each side of the center of vein, with all mineral deposits contained therein, and all timber growing within the limits of said claim, and all water and water privileges thereon or appurtenant thereto, under and according to the provisions of the Mining Laws of the United States, under which it is located.

This claim commences at this Monument and Notice placed upon the ledge, and runs 750 feet in a northerly direction and 750 feet in a southerly direction along the ledge, from discovery shaft.

The exterior boundaries are as follows, viz: Commencing at a monument of stone on west boundary line, distant three hundred (300) feet in a westerly direction from discovery monument; thence in a northealy direction parallel with the ledge 750 feet to monument of stone at N. W. corner of claim; thence in an easterly direction at right angles across the ledge six hundred (600) feet to monument of stone at N. E. corner of claim; thence in a southerly direction parallel with the ledge fifteen hundred (1500) feet to monument of stone at S. E. corner of claim; thence at right angles across the ledge, in a westerly direction six hundred (600) feet to monument of stone at S. W. corner of claim; thence in a northerly direction parallel with the ledge 750 feet to monument on west boundary and place of beginning.

This ledge may be more generally described as situated in Black Canyon Mining District - The east side line of this claim running on the same line as does the west side line of the "Center" Mining Claim, in same district - the north end line joining the south end line of the "Maine" Mining Claim

in Black Canyon Mining District, Yavapai County, Arizona Territory, and shall be known as the Oregon Mining Claim.
