LOCATION

This survey is located in Secs. 27 and 28, Tp 23 S. R. 24 E. G. & S. R. B. & M., in the Warren Mining District, Cochise County, Territory of Arizona.

INSTRUMENT

This survey was made with a BUFF & BUFF mining transit. The courses were deflected from the true meridian as determined by direct solar observations. The distances were measured with a 500 ft. and a 100 ft. steel tapes. Magnetic variation, 12° 30' E.

Note. Cor. No. 3 San Pedro lode, Survey No. 1808, identical with Cor. No. 4 Mule Pass lode, Survey No. 1808, on line 2-3 Cyclone lode of this survey, has been destroyed.

Ties were not made to the  $\frac{1}{4}$  Sec. Cor. on the north side of Sec. 3, Tp. 24 S. R. 24 E., as this corner could not be found.

The discrepancies which occur between the courses, distances, and connecting lines of this survey, and those of adjoining or conflicting approved surveys, are due to errors in the latter.
