This claim conflicts with the Alta Lode, Lot No. 39-A, and the Senator Lode, Lot No. 38-A, on the west, with the Beaver Lode, Sur. 2533, J. D. Hubbard, Claimant, on a portion of the south and east sides, and is joined on the north by the Damfino Lode, Sur. No. 2536, J. D. Hubbard, Claimant. The rest of the ground surrounding this claim is Public Domain and subject to entry.

Location.

This claim is located on unsurveyed land, approximately Township 13 North, Range 13 W., of the Gila and Salt River Base and Meridian, Owens Mining District, Mohave County, Arizona.

Instrument.

This survey was made with a C. L. Berger & Sons transit No. 1 C., and courses were deflected from the true meridian as determined by direct solar observation, checked on Polaris. The distances were measured by a 600 and 100 ft. steel tape.

The disagreements between these field notes and the field notes of the Alta lode, Lot No. 39 A, and the Senator lode, Lot No. 38 A, are due to errors in the field notes of the Alta and Senator lodes.

I do not agree with the courses and mineral monument tie of the Senator Lode, Lot No. 38-A and the Alta Lode, Lot No. 39-A, and the courses shown by these notes and accompanying preliminary plat were determined by me in the field from the actual corners on the ground, which still stand in good condition and properly marked, according to the notes on file in your office.

This diagram is to give locator a general idea of plan of location under the new law. The Discovery Shaft can be in the center of claim or any distance from either end desired. In the diagram it is placed 500 feet from one end and 1000 feet from the other. Commence description of claim at a center end monument, giving its distance and direction from center of Discovery Shaft; thence bound the claim in either direction. In description be careful to state locality of claim with reference to some natural object, or permanent monument, as will identify the claim.

U. S. SURVEYOR GENERAL'S FINAL CERTIFICATE ON
FIELD NOTES.

DEPARTMENT OF THE INTERIOR,
OFFICE OF U. S. SURVEYOR GENERAL,

Phoenix, Arizona,

October 7, 1908.

I, U. S. Surveyor General for Arizona,
do hereby certify that the foregoing transcript of the Field Notes, return and approval
of the Survey of the mining claim of W. D. McCright,
Atlanta,
situate in Owens
Mining District, Mohave County,
Arizona, in ~~Section~~ Approx. in Township No. 13 N.,
Range No. 13 W. (unsurveyed), and designated as Survey
No. 2534, has been correctly copied from the originals on
file in this office; that said Field Notes furnish such an accurate description of said
mining claim as will, if incorporated into a patent, serve fully to identify the premises,
and that such reference is made therein to natural objects or permanent monuments as
will perpetuate and fix the *locus* thereof.

And I further certify that five hundred dollars' worth of labor has been expended
or improvements made upon said mining claim by claimant or his grantors, and
that said improvements consist of 1 cut, 1 tunnel and 45 ft. of
drifting, total value \$870.00

and that no portion of said labor or improvements has been included in the estimate of
expenditures upon any other claim.

I further certify that the plat thereof, filed in the U. S. Land Office at Phoenix,
Arizona, is correct and in conformity with the foregoing Field Notes.

Frank S. Ingalls,

United States Surveyor General for Arizona.
