Section <u>1</u>	Township <u>4 S.</u>	Range	<u>29 E.</u>	

designated as Survey No. 2582, has been correctly copied from the originals on file in

this office; that said Field Notes furnish such an accurate description of said mining claim as will, if incorporated into a patent, serve fully to identify the premises, and that such reference is made therein to natural objects or permanent monuments as will perpetuate and fix the *locus* thereof.

And I further certify that five hundred dollars' worth of labor has been expended or improvements made upon said mining claim^s by claimant or its grantors, and that said improvements consist of 31 cuts, 10 shafts and 8 tunnels, with 531 linear feet of drifts, total value \$60,396. Tunnel No. 7 on the Mammoth No. 12 lode, value \$52,525, being a common improvement and for the benefit and development of all the lodes in this survey, an undivided 1/17 interest therein, value \$3089.70, is properly credited to each claim in this group.

and that no portion of said labor or improvements has been included in the estimate of expenditures upon any other claim.

I further certify that the plat thereof, filed in the U. S. Land Office at Phoenix, Arizona is correct and in conformity with the foregoing Field Notes.
