#### INSTRUMENT.

This survey was made with a W & L.E. Gurley Mountain  
transit fitted with a Burt solar by which the true  
meridian was obtained and checked upon previously  
determined courses. Distances were measured with 100  
and 500 ft. steel tapes.

## SURVEY NO. 2667. con.

## REPORT.

The geological formation on this group, altered shist with some little granite and a surface of dacite exposed only on the north and west side. The altered shist is impregnated with copper and at depth below the surface leached zone which is generally two to three hundred feet has proven to make commercial ore. This ore is invariably in the form of a blanket <sup>deposit</sup> making a deep shaft with long crosscuts the most feasible way of developing and blocking out ore. Surface working is of little real benefit to such mineralization, thus I believe the shaft described under the head of improvements as No. 5 Wedge lode is a genuine common improvement for the 13 claims for which it is designated and of which this survey is a part.

Survey No. 2525.

Corners 1, 3 and 4 are pine posts properly set and scribed with the corner and number of the survey I find line 1-3 and 3-4 correct as approved.

All lines of this survey were run directly upon the ground.

## AMENDED LOCATION NOTICE.

MONROE DOCTRINE Lode Mining Claim.

TO ALL WHOM IT MAY CONCERN:

This lode mining claim, the name of which is the MONROE DOCTRINE and which contains rock in place bearing valuable mineral deposits, was originally entered upon and located on the 4th day of January, 1896, by Albert Sieber and Dan R. Williamson, both of whom were then citizens of the United States; and the original location notice of this claim is recorded in the office of the County Recorder of the County of Gila, Territory of Arizona, in Book 6, of RECORDS OF MINES, at page 21. This amended location of said claim is made on this 30th day of April, 1909, by The Arizona National Copper Company, a corporation organized under the laws of the Territory of Arizona, which corporation is the present owner of said claim, and said corporation hereby reserves and maintains all and abandons and relinquishes none of its rights in and to said mining claim.

The length of this claim is 1500 feet, and said corporation claims, lengthwise of the claim, 220 feet S. 34° 15' W. and 1280 Feet N. 34° 15' E. from the center of the discovery shaft, at which this notice is posted, together with 300 feet in width of the surface ground on each side of the center of said claim. The general course of the lode deposit and premises is from the northeast to the southwest.

The claim is situated in the Globe Mining District, County of Gila, Territory of Arizona, about fourteen miles in

a westerly direction from Globe, Arizona; the discovery shaft of this claim is about 840 feet southeasterly from the two-compartment shaft of said corporation, known as the "HAMILTON" shaft, situate on its WEDGE claim, and the northeasterly end line of this claim coincides with the southwesterly end line of the SURE MIKE claim, belonging to Cactus Development Company, and its northwesterly side line coincides <sup>throughout</sup> its entire length with the southeasterly side line of the WEDGE claim, belonging to this corporation.

The surface boundaries are marked upon the ground as follows: Beginning at a post and monument of stones at a point S. 34° 15' W. 220 feet from the discovery shaft (at which this notice is posted), said point of beginning being in the center of the southwest end line of the said claim; thence N. 55° 45' W. 300 feet to a post and monument of stones, being the southwest corner of said claim; thence N. 34° 15' E. 1500 feet to a post and monument of stones, being the northwest corner of said claim; thence S. 55° 45' E. 300 feet to a post and monument of stones, being in the center of the northeast end line of said claim; thence S. 55° 45' E. 300 feet to a post and monument of stones, being the northeast corner of said claim; thence S. 34° 15' W. 1500 feet to a post and monument of stones, being the southeast corner of said claim; thence N. 55° 45' W. 300 feet to the place of beginning.

AMENDED LOCATION NOTICE.

GREATHER REPUBLIC Lode Mining Claim.

TO ALL WHOM IT MAY CONCERN:

This lode mining claim, the name of which is the GREATHER REPUBLIC and which contains rock in place bearing valuable mineral deposits, was originally entered upon and located on the 18th day of January, 1907, by H. A. Sidow, George Bowen and John C. Clark, all of whom were then citizens of the United States; and the original location notice of this claim is recorded in the office of the County Recorder of the County of Gila, Territory of Arizona, in Book 6, of RECORDS OF MINES, at page 157. This amended location of said claim is made on this 12th day of May, 1909, by The Arizona National Copper Company, a corporation organized under the laws of the Territory of Arizona, which corporation is the present owner of said claim, and said corporation hereby reserves and maintains all and abandons and relinquishes none of its rights in and to said mining claim.

The length of this claim is 1500 feet, and said corporation claims, lengthwise of the claim, 20 feet N. 80° 15' W. and 1480 feet S. 80° 15' E. from the center of the discovery shaft (at which this notice is posted), together with 300 feet in width of the surface ground on each side of the center of said claim. The general course of the lode deposit and premises is from the northwest to the southeast.

The claim is situated in the Globe Mining District, in the County of Gila, in the Territory of Arizona, about fourteen miles in a westerly direction from Globe, Arizona; the discovery shaft of this claim is about 920 feet southerly from a two-compartment shaft of said corporation known as the "HAMILTON" shaft, on its WEDGE claim; and this claim is bounded on its westerly end line by the GREATER REPUBLIC NO. 2 lode mining claim of Cactus Development Company, and a portion of its northerly side line lies within the lines of the MONROE DOCTRINE lode mining claim of said The Arizona National Copper Company.

The surface boundaries are marked upon the ground as follows: Beginning at a post and monument of stones at a point N. 80° 15' W. 20 feet from the discovery shaft (at which this notice is posted), said point of beginning being in the center of the west end line of said claim; thence N. 34° 15' E. 300 feet to a post and monument of stones, being the northwest corner of said claim; thence S. 80° 15' E. 1500 feet to a post and monument of stones, being the northeast corner of said claim; thence S. 34° 15' W. 300 feet to a post and monument of stones, being the center of the east end line of said claim; thence S. 34° 15' W. 300 feet to a post and monument of stones, being the southeast corner of said claim; thence N. 80° 15' W. 1500 feet to a post and monument of stones, being the southwest corner of said claim; thence N. 34° 15' E. 300 feet to the place of beginning.

## AMENDED LOCATION NOTICE.

HAL AND AL Lode Mining Claim.

TO ALL WHOM IT MAY CONCERN:

This lode mining claim, the name of which is the HAL AND AL and which contains rock in place bearing valuable mineral deposits, was originally entered upon and located on the 3rd day of January, 1896, by Albert Sieber and Dan R. Williamson, both of whom were then citizens of the United States; and the original location notice of this claim is recorded in the office of the County Recorder of the County of Gila, Territory of Arizona, in Book 6, of RECORDS OF MINES, at page 20. This amended location of said claim is made on this 30th day of April, 1909, by The Arizona National Copper Company, a corporation organized under the laws of the Territory of Arizona, which corporation is the present owner of said claim, and said corporation hereby reserves and maintains all and abandons and relinquishes none of its rights in and to said mining claim.

The length of this claim is 1500 feet, and said corporation claims, lengthwise of the claim, 49 feet N. 34° 15' E. and 1451 feet S. 34° 15' W. from the center of the discovery shaft (at which this notice is posted), together with 300 feet in width of the surface ground on each side of the center of said claim. The general course of the lode deposit and premises is from the northeast to the southwest.

The claim is situated in the Globe Mining District,

AMENDED LOCATION NOTICE.  
VIRGINIA Lode Mining Claim.

---

TO ALL WHOM IT MAY CONCERN:

This lode mining claim, the name of which is the VIRGINIA and which contains rock in place bearing valuable mineral deposits, was originally entered upon and located on the 5th day of November, 1908, by The Arizona National Copper Company, a corporation organized and existing under and by virtue of the laws of the Territory of Arizona; and the original location notice of this claim is recorded in the office of the County Recorder of the County of Gila, Territory of Arizona, in Book 17, of RECORDS OF MINES, at page 635. This amended location of said claim is made on the 12th day of May, 1909, by said The Arizona National Copper Company, which corporation was the original locator and is the present owner of said claim, and said corporation hereby reserves and maintains all and abandons and relinquishes none of its rights in and to said mining claim.

The length of this claim is 1500 feet, and said corporation claims, lengthwise of the claim, 339 feet S. 34° 15' W. and 1161 feet N. 34° 15' E. from the center of the discovery shaft (at which this notice is posted), together with 300 feet in width of the surface ground on each side of the center of said claim. The general course of the lode deposit and premises is from the northeast to the southwest.

The claim is situated in the Globe Mining District,

AMENDED LOCATION NOTICE.

RAMBLER NO. 2 Lode Mining Claim.

TO ALL WHOM IT MAY CONCERN:

This lode mining claim, the name of which is the RAMBLER NO. 2 and which contains rock in place bearing valuable mineral deposits, was originally entered upon and located on the 26th day of April, 1906, by The Arizona National Copper Company, a corporation organized and existing under and by virtue of the laws of the Territory of Arizona; and the original location notice of this claim is recorded in the office of the County Recorder of the County of Gila, Territory of Arizona, in Book 11, of RECORDS OF MINES, at page 570. This amended location of said claim is made on the 8th day of May, 1909, by the said The Arizona National Copper Company, which corporation was the original locator and is the present owner of said claim, and said corporation hereby reserves and maintains all and abandons and relinquishes none of its rights in and to said mining claim.

The length of this claim is 1500 feet, and said corporation claims, lengthwise of the claim, 16 feet S. 34° 15' W. and 1484 feet N. 34° 15' E. from the center of the discovery shaft (at which this notice is posted), together with 300 feet in width of the surface ground on each side of the center of said claim. The general course of the lode deposit and premises is from the northeast to the southwest.

The claim is situated in the Globe Mining District,

in the County of Gila, in the Territory of Arizona, about fourteen miles in a westerly direction from Globe, Arizona; the discovery shaft of this claim is about 1430 feet north-westerly from a two-compartment shaft of said corporation known as the "HAMILTON" shaft, on its WEDGE claim; and its southwesterly end line coincides throughout its entire length with the northeast side line of the LOST COON lode mining claim of said corporation.

The surface boundaries are marked upon the ground as follows: Beginning at a post and monument of stones at a point S. 34° 15' W. 16 feet from the discovery shaft (at which this notice is posted), said point of beginning being in the center of the southwest end line of said claim; thence N. 55° 45' W. 300 feet to a post and monument of stones, being the southwest corner of said claim; thence N. 34° 15' E. 1500 feet to a post and monument of stones, being the northwest corner of said claim; thence S. 55° 45' E. 300 feet to a post and monument of stones, being in the center of the northeast end line of said claim; thence S. 55° 45' E. 300 feet to a post and monument of stones, being the northeast corner of said claim; thence S. 34° 15' W. 1500 feet to a post and monument of stones being the southeast corner of said claim; thence N. 55° 45' W. 300 feet to the place of beginning.
