F I E L D N O T E S
OF THE SURVEY OF THE
SUBDIVISION LINES
OF

Township 2 North, Range 1 East.
Colorado River Base and Meridian.
ARIZONA.

(Same as T. 9 N., R. 19 W., G. & S.
R. B. & M. Arizona.)

By Chandler Robbins, D. S., under
Contract dated May 26, 1875.
Survey commenced Dec. 16, 1876.
Survey completed Dec. 20, 1876.

79 Township 2 N. Range 1 E. of

Chains

sage brush and creosote bushes.
Dec. 20th 1873.

General Description

The western portion of this township is situated in the Colorado River bottom and the eastern portion is on the Mesa lands. The Mesas is covered with mesquite grass and Salto with no timber. The bottom is sparsely timbered with scattering mesquite. There is however a great deal of sage brush. The agency buildings are located on the section line between sec. 6 & 7. I dug for water and found it at about 6 ft. in the S. E. $\frac{1}{4}$ of sec. 20. It was very good at first but in

Colorado River Irrigation 80

Chain

a few days became so high as to be unfit for use. The bottom lands are good agricultural lands, and the uplands well adapted for grazing.

U. S. Surveyor General's Office,

TUCSON, ARIZONA, May 15, 1876.

The foregoing Field Notes of the Survey of the

Lines subdividing

Township 2 S.

Range 1 E. into

40 acre tracts,

Colorado

Of the ~~Gila and Salt~~ River Base and Meridian, Arizona, execu-

ted by

Charles Robbins

Deputy Surveyor, under his contract of the

26th

day of

May

, 1875, having been

critically examined and the necessary corrections and explana-

tions made, the said Field Notes and the surveys they describe

are hereby approved.

John Mason,
Surveyor General.
