Township 6 S. Range 25 East,  
Gila and Salt River Meridian

General Description:-

The Gila River runs diagonally through this township. Along the river on both sides is a wide bottom of rich land. The N.E. portion is mesa, more or less broken and stony with poor soil, but covered with some grass. The valley lands can be irrigated from the River and when brought under cultivation can be made to produce large crops. There is considerable timber in the bottoms along the River - Cotton-wood, Willow and Mesquite.

## FINAL OATH OF DEPUTY SURVEYOR.

I, Theodore F. White  
U. S. Deputy Surveyor do solemnly swear that,  
in pursuance of a contract with John Wasson,  
United States Surveyor-General for Arizona, bear-  
ing date the 5<sup>th</sup> day of November  
1874, I have well, faithfully and truly, in my  
own proper person, and in strict conformity with  
the instructions furnished by the Surveyor-Gener-  
al, the Surveying Manual, and the laws of the  
United States, surveyed all those portions of  
the Subdivision lines, and Meanders  
of the Gila River, where it runs through  
the township, of Township 6 South  
of Range 25 East of the Gila  
and Salt River Meridian.

as are repre-  
sented in the foregoing Field Notes as having

been surveyed under my directions; and I do further solemnly swear that all the corners of said surveys have been established and perpetuated in strict accordance with the Surveying Manual and printed instructions, and also in accordance with the additional requirements contained in circular instructions from the U. S. Surveyor-General for Arizona, dated September 1, 1873, regarding the establishment of corner boundaries of public surveys, and that the foregoing are the true and original Field Notes of such surveys.
