General Description

This Township is on a level plain, densely covered with Mesquite some Greasewood, and Palo Verde trees,

There is considerable good grass in places, the land is 2d rate, and will if irrigated produce fine crops, there is no water in this township, but it can be obtained by digging wells at from 40 to 60 feet below the surface.

For final notes see Book No. 18.

U. S. Surveyor General's Office,

Tucson, Arizona, May 22 - 1884 5

The foregoing Field Notes of the Survey of the

Subdivision Lines of
Township 7 South
Range 5 East

Of the Gila and Salt River Base and Meridian, Arizona, execu-
ted by R. L. Powers

Deputy Surveyor, under his contract of the 20th

day of July, 1883, having been

critically examined and the necessary corrections and explana-
tions made, the said Field Notes and the surveys they describe

are hereby approved

Royal Johnson
Surveyor General.
