### General Description

This township is situated in the wide valley of the Santa Cruz River, the same is almost perfectly level, the soil is 2<sup>d</sup> rate, and will produce rich crops if irrigated. Water may be had at from 40 to 60 feet below the surface. There is a dense growth of brush and some scattering trees throughout the township. The grass is good.

For final notes see book No. 78

## U. S. Surveyor General's Office,

Tucson, Arizona, *May 22* - 188*7* <sup>5</sup>

The foregoing Field Notes of the Survey of the

*Subdivision Lines of  
Township 8 South,  
Range 4 East,*
