General Description

The two sections above surveyed comprise all the surveyable land, in this township. They cover Minnehaha Plat where there are a number of settlers, and some farming is done.

The balance of the township is on rocky mountains bare & barren and not surveyable.

The land in the Plat is rich and there is considerable Pine timber around the Plat within the sections surveyed.

Theodore F. White
 U. S. Deputy Surveyor

Final Oath of Deputy Surveyor.

BOOK 1026

I, *Theodore S. White*

United States Deputy Surveyor, do solemnly swear that I have, in my own proper person and with the necessary assistants, well, truly and faithfully executed the survey of

the subdivision lines of fractional Township 11 N. Range 4 E. and the subdivision lines of fractional Township 10 N. Range 1 W. all of the Gila and Salt River Meridian

under my contract with John Wasson, United States Surveyor General for Arizona, bearing date the *27th* day of

August 188*8*; that in making the said Survey I have used only such instruments as were approved by the said Surveyor-General, exercising due care in the preservation of adjustments of the same; that in using the solar compass I have at no time projected established lines depending for alignment upon the magnetic needle; that I have in all respects complied with the laws of the United States governing public-land
