T. 23, N. R. 1. W.

General Description

The surface of this township is rolling, in a few places mountainous, & broken, with numerous dry washes. The soil is mostly 3rd rate.

It is densely timbered with cedar, & there is much underbrush of the same character.

The grass is good on all parts of the township.

For final parts are
last book (no 28)
of Murray. —

U. S. Surveyor General's Office,

Tucson, Arizona, July 13. 1884

The foregoing Field Notes of the Survey of the

Subdivision Lines of
 Township 20 North
 Range 1 West

Of the Gila and Salt River Base and Meridian, Arizona, execu-
 ted by J. J. Smith

Deputy Surveyor, under his contract of the 24th

day of July, 1883 having been

critically examined and the necessary corrections and explana-
 tions made, the said Field Notes and the surveys they describe

are hereby approved

Royal A. Johnson
 Surveyor General.
