growth.~~

## General Description

This township may be divided into two parts, the Eastern <sup>and</sup> the Western; the Eastern portion contains considerable land which, if irrigated, will make a most fertile region, a large number of Cattle graze on this part of the township, <sup>and</sup> Water in Sec. 16, where Sunrise Spring affords enough daily, for a thousand heads, this spring contains water throughout the year. The Luis Maria Baca Grant No. 5 runs into this township on the East Boundary for over 1/2 mile, making the secs on the E. fractional.

The Western portion is absolutely

General Description  
(Continued)

worthless with the exception of  
Sec 16. which contains the spring  
The Mohone Mts extend over the en-  
tire Western tier. The formation of  
Volcanic rock predominates

No. 1099

U. S. Surveyor-General's Office,

TUCSON, A. T., August 9, 1895-

The foregoing Field Notes of the Surveys of  
the Subdivision lines of  
Fractional Tps. to 18<sup>th</sup>  
North Range 9 West  
of the Gila and Salt River Meridian  
in Arizona executed by  
Philip Contzen,  
U. S. Deputy Surveyor, under his contract dated  
February 10<sup>th</sup> 1893.  
having been critically examined, the necessary correc-  
tions and explanations made, the said Field Notes and  
the surveys they describe are hereby approved.

U. S. Surveyor-General  
for the Territory of Arizona.
