At this point I expected to have intersected the
first corner line South; but after a most
diligent search for several hours in every
direction I could not find a trace of the
corner and I concluded that it had been
destroyed by fire & by the floods, which

have totally obliterated miles of the
 surveys of the last year. As the corner
 is not to be found I Run East on a

to proceed further

Completed July 17th 1869

We hereby certify that we assisted

Ralph W. Norris Deputy Surveyor, in
 searching for the corner to Township 5 & 6
 south Ranges 7 and 8 East, previously
 established, and that after diligent
 search we could not discover it, and
 that from the nature of the soil and the
 growth, we are inclined to the belief that
 it was destroyed by flood and fire
