Sir.

Your contract of date
Feb 5. 1882 for the pre-
liminary survey of the
unconfirmed private
land claim known as
the "Rancho de Martinez"
at San Xavier del Bac
in Pima County Ariz-
ona, was approved
by the Commissioner
of the General Land
Office on Feb 16. 1882.
Therefore you are here-
by authorized to make
said survey and are
instructed as follows: viz:

Rancho de Martinez

Private Land Claim

Instructions from Surveyor General

In the opinion of this Office, it was the intention of the original petitioner to procure and of the granting officer to give a certain track rather than an exact quantity of land, notwithstanding the area of the track is specifically stated at 400 x 500 varas in the original proceedings.

The occupation and cultivation as shown by the testimony in the case supports this view.

This grant was a gift and not a sale for the benefit of the treasury

Field Notes of the Preliminary Survey of
the unconfirmed private Land claim of
the Rancho de Martinez at San
Xavier del Bac - Pima County, Arizona

In accordance with the
foregoing instructions I
proceeded to the Rancho
de Martinez at San
Xavier del Bac.

I found that Martinez
and his successors were in
peaceable possession of a
piece of land about 46 chains
East & West and averaging 15
chains North & South, most of
it under fence and cultivated.

Martinez old house is near
the West line and the "Mountain"
bounding the land on the East
being a well known landmark
there is no mistaking it.

The measurements of this
piece of land, as in nearly
every case of the measurements

of Spanish Land Grants in
the Southern portion of this
Territory appears to have
taken the usual course of
guessing the distance and
then writing up the regular
form about well stretched
and twisted cords, etc -

I therefore make a survey
in accordance with your
instructions & embrace in
the exterior boundaries
all the land which the
claimants have held by
long, peaceable and undis-
puted possession, and
adhering as near as possible
to the Land marks described
in the original notes of
+ Survey.
