

BOOK 4700

Form 4-679
(January 1963)

UNITED STATES
DEPARTMENT OF THE INTERIOR
BUREAU OF LAND MANAGEMENT

FIELD NOTES

DEPENDENT RESURVEY

of the

South, East and West Boundaries

and the

Subdivisional Lines

Township 12 South, Range 29 East

Of the Gila and Salt River Meridian,

In the State of Arizona.

EXECUTED BY

Paul G. Bauer, Surveying Technician

Under special instructions dated June 26, 19 62, which provided for the surveys included under Group Number 378, approved June 26, 1962, and assignment instructions dated January 16, 19 63.

Survey commenced January 15, 19 63

Survey completed February 7, 19 63

1A

CHAINS

The north boundary was surveyed in 1884 by L. Wolfley and dependently resurveyed in 1952 by C. E. Bilbray.

The south boundary was surveyed in 1883 by R. C. Powers, and dependent resurveyed in 1884 by L. Wolfley.

The east and west boundaries were surveyed in 1884 by L. Wolfley. The subdivisional lines were surveyed in 1885 by J. C. Smith.

This survey was executed in accordance with the specifications as set forth in the Manual of Surveying Instructions, 1947, and the Special Instructions dated June 26, 1962.

Only the true line bearings and horizontal distances for the surveyed lines are given in these notes. Unless described, each corner was monumented with a standard iron post, 30 inches long, 2½ inches in diameter, flanged at the base and with a brass cap riveted to the top. The original corner monuments were deposited alongside the new monuments, unless described otherwise. All guard posts were fir posts, 4 inches square, 5 feet in length.

The geographic position of the southeast corner of the township is: Latitude, 32°20'35.04" North and Longitude, 109°19'47.52" West.

The magnetic declination was found to be 13°30' East.

CERTIFICATE OF SURVEY

I, Paul G. Bauer, HEREBY CERTIFY upon honor that, in pursuance of special instructions bearing date of the 26 day of June, 1962, I have dependently resurveyed the south, east and west boundaries, and the subdivisional lines of Township 12 South, Range 29 East

of the Gila and Salt River Meridian, in the State of Arizona, which are represented in the foregoing field notes as having been executed by me and under my direction; and that said survey has been made in strict conformity with said special instructions, the Manual of Instructions for the Survey of the Public Lands of the United States, and in specific manner described in the foregoing field notes.

March 5, 1964
