FIELD NOTES

DEPENDENT RESURVEY

of the

NORTH, EAST and WEST BOUNDARIES

and

SUBDIVISIONAL LINES

of

Township 13 North, Range 30 East

Of the Gila and Salt River Meridian,

In the State of Arizona

EXECUTED BY

Paul G. Bauer, Supervisory Cadastral Surveyor

Kenneth D. Herman, Cadastral Surveyor

Gary T. Oviatt, Surveying Technician

Under special instructions dated February 16, 19 66, which provided for the surveys
included under Group Number 444, approved February 16, 1966,
and assignment instructions dated May 11, 19 66.

Survey commenced June 16, 19 66

Survey completed August 8, 19 66

Township 13 North, Range 30 East
Gila and Salt River Meridian, Arizona

CHAINS

The boundaries and subdivisional lines were surveyed in 1882 by M. Santee, who also resurveyed the south boundary, the Third Standard Parallel North, the same year. The Third Standard Parallel North was resurveyed by Bauer, Johnson and Oviatt in 1966 under Group 443.

The following field notes are those of a dependent resurvey of the north, east and west boundaries, and the subdivisional lines of Township 13 North, Range 30 East, designed to restore the corners according to the best available evidence.

Only the true line bearings and horizontal distances for the surveyed lines are given in these notes. Unless described, each corner was monumented with a standard iron post, 30 inches long, 2½ inches diameter, flanged at the base, and with a brass cap riveted to the top.

The geographic position of the southeast corner of the township is: Latitude, 34°29'01.7" North, and Longitude, 109°06'11" West. This position was calculated from a tie to U.S.C.&G.S. triangulation station "St. Johns," located in sec. 8, Township 12 North, Range 30 East.

The mean magnetic declination was found to be 14° East.

Dependent Resurvey, East Boundary
Township 13 North, Range 30 East

Reestablishment of the Survey
Executed in 1882 by M. Santee

Beginning at the standard cor. of T. 13 N., Rs. 30 and 31 E., monumented by an iron post, 2½ ins. diam., described in the field notes of the 1966 resurvey of T. 12 N., R. 30 E.

N. 0°11' E., bet. secs. 31 and 36.

Over nearly level land.

2.60

Track road, bears S. 75° E. and N. 75° W.

39.94

The ¼ sec. cor. of secs. 31 and 36, monumented by a sandstone, 26 x 15 x 5 ins., mkd. ¼ on W. face, loosely set.

At the corner point,

Set the iron post 18 ins. in the ground, in a collar of stone, brass cap mkd.

T13N
R30E R31E
¼
S 36 | S 31
1966

Bury the orig. cor. stone alongside the iron post.

N. 0°13' E., beginning new measurement.

35.10

Track road, bears E. and W.

40.06

The cor. of secs. 25, 30, 31 and 36, monumented by a basalt stone, 9 x 5 x 4 ins., firmly set, mkd. with 5 notches on the N. face and 1 notch on the S. face.

At the corner point,

Set the iron post 24 ins. in the ground, brass cap mkd.

1966

Bury the orig. cor. stone alongside the iron post.

Land, gently rolling.
Soil, shallow sandy loam.
Timber, thick to moderate juniper.
Undergrowth, bunch grass and sagebrush.

Dependent Resurvey, West Boundary
Township 13 North, Range 30 East

Reestablishment of the Survey
Executed in 1882 by M. Santee

From the standard cor. of T. 13 N., Rs. 29 and 30 E.,
monumented by an iron post, 2½ ins. diam., described
in the field notes of the 1966 resurvey of T. 12 N.,
R. 30 E.

N. 0°05' W., bet. secs. 31 and 36.

Desc. over mountainous land, through moderate juniper
timber.

19.50 Bottom of descent, bears E. and W.; thence over gently
rolling land.

20.40 Fence, bears N. 10° E. and S. 10° W.

37.90 Track road, bears S. 70°20' E. and N. 70°20' W.

40.60 Point for the ¼ sec. cor. of secs. 31 and 36, at pro-
portionate dist.; there is no remaining evidence of
the orig. cor. This corner was not monumented.

80.60 Fence, bears N. 89°20' E. and S. 89°20' W.

81.20 Point for the cor. of secs. 25, 30, 31 and 36, at
proportionate dist.; there is no remaining evidence
of the orig. cor.

Set the iron post 24 ins. in the ground, brass cap mkd.

	<p>General Description</p>
	<p>Township 13 North, Range 30 East is located in the southeastern portion of Apache County. The land is of a semi-arid nature, with the main portion being rolling to nearly level in certain areas. The soil is a shallow sandy loam interspersed with clay loam along Carrizo Wash.</p> <p>Moderate juniper and pinon are found in the southern portion of the township, with bunch grass and sagebrush being the principal undergrowth.</p> <p>The southwestern portion of the township drains in a northeasterly direction and the northeastern portion drains in a southwesterly direction, in which both drain into Carrizo Wash, which enters the township on the east boundary of sec. 13 and traverses in a west-northwest direction, leaving the township on the northern boundary of sec. 5.</p> <p>The area is accessible from St. Johns, Arizona, by traveling on a dirt road in an easterly direction for approximately 6 miles, thence northeasterly for approximately 5 miles, entering the township on the west boundary of sec. 31.</p> <p>Grazing of livestock in the greater portion of the township is the primary interest at present.</p> <p>The township is uninhabited at the present time, with an abandoned cabin in sec. 3 and ruins of cabins in secs. 22 and 27.</p> <p>A spring, located in the southeastern portion of sec. 21, flows in a northeasterly direction for approximately 6 chains, terminating by going underground.</p>

CERTIFICATE OF SURVEY

We, Paul G. Bauer, Kenneth D. Herman and Gary T. Oviatt, HEREBY CERTIFY upon honor that, in pursuance of special instructions bearing date of the 16th day of February, 1966, we have made a dependent resurvey of the north, east, and west boundaries and subdivisional lines of Township 13 North, Range 30 East,

of the Gila and Salt River Meridian, in the State of Arizona, which are represented in the foregoing field notes as having been executed by us and under our direction; and that said survey has been made in strict conformity with said special instructions, the Manual of Instructions for the Survey of the Public Lands of the United States, and in specific manner described in the foregoing field notes.
