OF THE

DEPENDENT RESURVEY OF A PORTION OF THE NORTH BOUNDARY OF THE TOWNSHIP,  
 A PORTION OF THE SUBDIVISIONAL LINES, A PORTION OF THE SUBDIVISION  
 LINES WITHIN SECTIONS 5 AND 6, AND THE DEPENDENT RESURVEY OF THE METES  
 AND BOUNDS SURVEY OF A NUMBER OF LOTS WITHIN SECTION 6;  
 THE SURVEY OF A PORTION OF THE SUBDIVISION LINES WITHIN SECTION 5,  
 THE METES AND BOUNDS SURVEY OF PARCELS A, B, C, AND D, WITHIN SECTION 5,  
 THE METES AND BOUNDS SURVEY OF LOTS 12 AND 13, WITHIN SECTION 5,  
 THE METES AND BOUNDS SURVEY OF LOTS 15 THROUGH 19 INCLUSIVE, WITHIN SECTION 6,  
 AND THE METES AND BOUNDS SURVEY OF PARCEL A, WITHIN SECTION 6,  
 TOWNSHIP 8 SOUTH, RANGE 15 WEST

Of the GILA AND SALT RIVER Meridian,  
 In the State of ARIZONA

EXECUTED BY

PAUL J. FISHER CADASTRAL SURVEYOR

Under special instructions dated OCTOBER 14, 19 69, approved OCTOBER 27, 1969,  
SUPPLEMENTAL SPECIAL INSTRUCTIONS DATED NOVEMBER 20, 1969, APPROVED NOVEMBER 21,  
1969, AND SUPPLEMENTAL SPECIAL INSTRUCTIONS DATED OCTOBER 20, 1980, APPROVED  
OCTOBER 27, 1980, which provided for the surveys included under ~~XXXXXX~~ Group  
 Number 517, and assignment instructions dated OCTOBER 14, 19 80.

Survey commenced APRIL 30, 19 81  
 Survey completed MAY 14, 19 81

Gila and Salt River Meridian, Arizona

CHAINS

The following field notes are those of the dependent resurvey of a portion of the north boundary of the township, a portion of the subdivisional lines, and a portion of the subdivision lines within sections 5 and 6, and the dependent resurvey of the metes and bounds survey of a number of lots within section 6; the survey of a portion of the subdivision lines within section 5, the metes and bounds survey of Parcels A, B, C, and D, within section 5, the metes and bounds survey of lots 12 and 13, within section 5, the metes and bounds survey of lots 15 through 19 inclusive, within section 6, and the metes and bounds survey of Parcel A, within section 6, Township 8 South, Range 15 West, of the Gila and Salt River Meridian, Arizona.

History of Previous Surveys: The south and west boundaries, a portion of the east and north boundaries, and a portion of the subdivisional lines were originally surveyed by T. F. White, U. S. Deputy Surveyor, in 1877, as shown upon the official plat, approved July 30, 1877. A portion of the east and north boundaries were surveyed by Francis E. Joy, in 1934; a portion of the subdivisional lines were surveyed by Robert H. Fischer, in 1934, as shown upon the official plat approved February 23, 1935 and accepted April 2, 1935. A portion of the west and north boundaries, and a portion of the subdivisional lines were dependently resurveyed; a portion of the subdivision lines within section 6 were surveyed by Albin H. Wadin, Engineer, Bureau of Reclamation in 1954, as shown upon the official plat, examined and approved by the Bureau of Reclamation, Washington, D.C., March 17, 1955, and was accepted by the Chief, Branch of Surveys (Cadastral), Bureau of Land Management, March 17, 1955. A portion of the north boundary of the township and a portion of the subdivisional lines were dependently resurveyed; a portion of the subdivision lines within section 5, and the metes and bounds survey of lots 5 through 11, also within section 5 were surveyed by Ray Harpin, Cadastral Surveyor, 1972 - 1979, as shown upon the official plat accepted May 1, 1980. A portion of the west boundary was dependently resurveyed by Paul J. Fisher, Cadastral Surveyor, in 1981, as described in the field-note record of the east boundary of Tp. 8 S., R. 16 W., executed concurrently with this group.

These dependent resurveys and surveys were executed in accordance with the specifications as set forth in the Manual of Surveying Instructions, 1973 Edition, and the Special Instructions for Group No. 517, Arizona, dated October 14, 1969, Supplemental Special Instructions, dated November 20, 1969, and Supplemental Special Instructions, dated October 20, 1980.

The direction of all lines of these surveys were determined from direct altitude observations on the sun for azimuth, and these directions refer to the true meridian. The lines were carried forward by normal transit traverse. Distances are expressed in chains.

Preliminary to the resurvey the lines of the original survey were retraced and search was made for all corners and other calls of the record. Identified corners were remonumented in their original positions; lost corners were restored and monumented at proportionate positions based on the original record. The retracement data were thoroughly verified and only the true line field notes are given herein.

Township 8 South, Range 15 West  
Gila and Salt River Meridian, Arizona

## CHAINS

The geographic position of the corner of sections 4, 5, 8, and 9, determined by scaling from a U. S. Geological Survey Quadrangle Map, "Growler, Ariz. 1955", is as follows: Latitude 32° 45.1' N. and Longitude 113° 48.9' W. The mean magnetic declination is 14 1/2° East.

<hr/> <p><b>GENERAL DESCRIPTION</b></p> <p>The land area within these surveys are nearly level to gently rolling. The soil consists of sandy clay loam; and for the most part the area is under cultivation, except for the federally controlled lands which are undeveloped; with French tamarisk and mesquite trees, and creosote brush (shrub).</p> <p>Improvements located throughout the area, are: Numerous canals and laterals for irrigation and/or drainage purposes; County and farm roads.</p> <hr/>	

CERTIFICATE OF SURVEY

(I) ~~XXX~~ Paul J. Fisher, HEREBY

CERTIFY upon honor that, in pursuance of special instructions bearing date of the 14th day of October, 1969, ~~XXXXXXXXXX~~ Supplemental Special Instructions dated November 20, 1969, and Supplemental Special Instructions dated October 20, 1980, (I) have dependently resurveyed a portion of the north boundary of the township, a portion of the subdivisional lines, a portion of the subdivision lines within sections 5 and 6, and dependently resurveyed the metes and bounds survey of a number of lots within section 6; and surveyed a portion of the subdivision lines within section 5, surveyed the metes and bounds survey of Parcels A, B, C, and D, within section 5, surveyed the metes and bounds survey of lots 12 and 13, within section 5, surveyed the metes and bounds survey of lots 15 through 19 inclusive, within section 6, and surveyed the metes and bounds survey of Parcel A, within section 6, Township 8 South, Range 15 West,

of the Gila and Salt River Meridian, in the State of Arizona, which are represented in the foregoing field notes as having been executed by (me), ~~XXX~~ and under (my) ~~XXX~~ direction; and that said survey has been made in strict conformity with said special instructions, the Manual of Instructions for the Survey of the Public Lands of the United States, and in specific manner described in the foregoing field notes.
