FIELD NOTES
OF THE

DEPENDENT RESURVEY,

THE PARTITION LINE BETWEEN SECTIONS 4 AND 9,

THE FIXED AND LIMITING BOUNDARY OF THE LEFT BANK

OF THE ABANDONED CHANNEL OF THE COLORADO RIVER, IN SECTION 4,

AND A PORTION OF THE SOUTH BOUNDARY

OF THE LA FOLLETTE PURCHASE,

TOWNSHIP 17 NORTH, RANGE 22 WEST

Of the Gila and Salt River Meridian,

In the State of Arizona

EXECUTED BY

Gary D. Knoff, Cadastral Surveyor

Under Special Instructions dated June 10, 1991, approved June 10, 1991, which provided for the surveys included under Group Number 732 and assignment instructions dated June 10, 1991.

Survey commenced June 19, 1991

Survey completed July 25, 1991

T. 17 N., R. 22 W., Gila and Salt River Meridian, Arizona

CHAINS

The following field notes describe the dependent resurvey, of the partition line between sections 4 and 9, the fixed and limiting boundary of the left bank of the abandoned channel of the Colorado River, in section 4, and a portion of the south boundary of the La Follette Purchase, Township 17 North, Range 22 West, Gila and Salt River Meridian, Arizona.

The history of surveys pertaining to this resurvey is as follows: H.S. Washburn surveyed the boundaries of Township 9 North, Range 22 East, San Bernardino Meridian, California, in 1855. G.W. Baker resurveyed the boundaries and subdivided Townships 9 North, Ranges 22 and 23 East, San Bernardino Meridian, California, in 1883. Dupree R. Averill resurveyed the boundaries and subdivisional lines of Township 9 North, Range 22 East, San Bernardino Meridian, California, in 1923. Donald A. Cannon resurveyed a portion of the East boundary, a portion of the subdivisional lines and a limited subdivision in section 13, of Township 9 North, Range 22 East, San Bernardino Meridian, California, in 1961. Robert B. Fink and Donald R. Parke resurveyed a portion of the subdivision in section 13, of Township 9 North, Range 22 East, San Bernardino Meridian, California, in 1987. The north and east boundaries, the subdivisional lines, and the meanders of the left bank of the Colorado River of Township 17 North, Range 22 West, Gila and Salt River Meridian, Arizona, were surveyed by John J. Fisher, in 1905. A portion of the north boundary and a portion of the subdivisional lines were resurveyed by Paul L. Reeves, in 1980. Paul L. Reeves surveyed accretion lands, the meanders and informative traverses of the left bank of the abandoned channel of the Colorado River and a portion of the La Follette Purchase, in 1982.

The survey was executed in accordance with the specifications as set forth in the Manual of Surveying Instructions, 1973, and the Special Instructions dated June 10, 1991, for Group No. 732, Arizona.

Preliminary to the resurvey, the lines of the original survey were retraced and search was made for all corners and other calls of the record. Lost corners were restored and monumented at proportionate positions based on the original record. The retracement data were thoroughly verified and only the true line field notes are given herein.

T. 17 N., R. 22 W., Gila and Salt River Meridian, Arizona

CHAINS

The purpose of this survey is to resurvey the partition line between sections 4 and 9 and to identify the trespasses that exist. The Mohave County tax parcels are based on an erroneous survey of secs. 13 and 18, T. 9 N., R. 23 E., San Bernardino Meridian, California. These secs. were reconstructed in order to determine the tax parcels that are in trespass in the accreted areas in T. 17 N., R. 22 W., Gila and Salt River Meridian, Arizona. Ties are made to identified corners referenced to the San Bernardino Meridian, in California.

Where possible, the corners established by Arthur J. Sullivan, California Registered Land Surveyor No. 2380, in 1964, and shown on record of survey No. 22-95 recorded at Mohave County Courthouse, Arizona, identical with survey No. 285, recorded at San Bernardino County Court house, California, are tied in and described.

The directions of all lines were determined by direct hour angle observations on the sun, and refer to the true meridian. Distances and angles were measured with a Topcon GTS-3B total station instrument.

The geographic position of the witness point on the south boundary of section 4, as determined from a tie made to U.S. Coast and Geodetic Survey triangulation station "BLUFF", located in the SE quarter of section 36, Township 10 North, Range 22 East, San Bernardino Meridian, California, is as follows:

Latitude: 34°52'50.08" N. Longitude: 114°37'11.67" W. NAD27

The mean magnetic declination as taken from quadrangle map NEEDLES NE, ARIZ., published in 1970 by U.S. Geological Survey, is 14 1/2° E.

CERTIFICATE OF SURVEY

I, Gary D. Knoff, Cadastral Surveyor, HEREBY CERTIFY upon honor that, in pursuance of Special Instructions bearing date of the 10th day of June, 1991, I have dependently resurveyed the partition line between sections 4 and 9, the fixed and limiting boundary of the left bank of the abandoned channel of the Colorado River, in section 4, and a portion of the south boundary of the La Follette Purchase in Township 17 North, Range 22 West, of the Gila and Salt River Meridian, in the State of Arizona, which are represented in the foregoing field notes as having been executed by me and under my direction; and that said survey has been made in strict conformity with said special instructions, the Manual of Instructions for the Survey of the Public Lands of the United States, and in specific manner described in the foregoing field notes.

10/29/1991

Gary D. Knoff
(Cadastral Surveyor)

CERTIFICATE OF APPROVAL

BUREAU OF LAND MANAGEMENT
Arizona State Office
Phoenix, Arizona

The foregoing field notes of the dependent resurvey of the partition line between sections 4 and 9, the fixed and limiting boundary of the abandoned channel of the left bank of the Colorado River, in section 4, and a portion of the south boundary of the La Follette Purchase in Township 17 North, Range 22 West, Gila and Salt River Meridian, Arizona, executed by Gary D. Knoff, Cadastral Surveyor, having been critically examined and found correct, are hereby approved.

NOV 5 1991
(Date)

James P. Kelley
(Chief Cadastral Surveyor of Arizona)

~~CERTIFICATE OF TRANSCRIPT~~

~~I CERTIFY that the foregoing transcript of the field notes of the above-described surveys in T. 17 N., R. 22 W., Gila and Salt River Meridian, Arizona, is a true copy of the original field notes.~~
