OF THE  
DEPENDENT RESURVEY OF

---

THE FIFTH STANDARD PARALLEL NORTH (SOUTH BOUNDARY),

---

THE NORTH BOUNDARY,

---

AND A PORTION OF THE SUBDIVISIONAL LINES,

---

THE SUBDIVISION OF SECTIONS 26, 27, AND 34,

---

AND METES-AND-BOUNDS SURVEYS

---

IN

---

TOWNSHIP 21 NORTH, RANGE 27 EAST

---

Of the Gila and Salt River Meridian,  
In the State of Arizona

---

EXECUTED BY  
William P. Carpender and Darren R. Breckenridge, Cadastral Surveyors

---

Under Special Instructions dated January 12, 1987, approved February 23, 1987, and Supplemental Special Instructions dated February 29, 1988, approved February 29, 1988, which provided for the surveys included under Group Number 685, and assignment instructions dated April 27, 1988 and July 11, 1988.

Survey Commenced September 8, 1988  
Survey Completed August 31, 1994

## T. 21 N., R. 27 E., Gila and Salt River Meridian, Arizona

CHAINS	<p>The following field notes describe the dependent resurvey of the Fifth Standard Parallel North (south boundary), the north boundary, and a portion of the subdivisional lines, the subdivision of sections 26, 27, and 34, and metes-and-bounds surveys in Township 21 North, Range 27 East, Gila and Salt River Meridian, Arizona.</p> <p>The east boundary was surveyed by W. R. Fitzgerald in 1882. The south, west and north boundaries and the subdivisional lines were surveyed by Frank Follman in 1882. A portion of the east boundary was retraced by William Strover in 1910. The north boundary and a portion of the east boundary were resurveyed by Ty White in 1947. The west boundary was resurveyed by Stephen J. Malloy, Gary D. Johnson and Darren R. Breckenridge from 1988 to 1992. The east boundary was resurveyed by William P. Carpender and Stephen J. Malloy from 1987 to 1994.</p> <p>The survey was executed in accordance with the specifications as set forth in the <u>Manual of Surveying Instructions, 1973</u>, and the Special Instructions dated January 12, 1987, and the Supplemental Special Instructions dated February 29, 1988, for Group No. 685, Arizona.</p> <p>Preliminary to the resurvey, the lines of the original survey were retraced and search was made for all corners and other calls of the record. Identified corners were remonumented in their original positions; lost corners were restored and monumented at proportionate positions based on the original record. The retracement data were thoroughly verified and only the true line field notes are given herein.</p> <p>The directions of all lines were determined by the technique of static differential positioning using Ashtech models M-XII and MS-XII geodetic units, confirmed by direct hour angle observations on the sun, and refer to the true meridian. Distances and angles were measured with Sokkia, Geodimeter, Zeiss, and Topcon total station instruments.</p> <p>The geographic position of the standard township corner of Township 21 North, Ranges 27 and 28 East was determined by the technique of static differential positioning using Ashtech models M-XII and MS-XII geodetic units. U.S. Coast and Geodetic Survey triangulation stations "BEACON 54B ECC 1936" and "DEAD 1936" were used as the control stations. The coordinates refer to the top of the monument.</p> <p>Latitude 35°10'13.472" N.      Longitude 109°25'16.596" W.      NAD27</p> <p>The mean magnetic declination, as taken from quadrangle map CHAMBERS, ARIZ., published in 1971 by U.S. Geological Survey, is 13 1/2° E.</p>

	<p style="text-align: center;">GENERAL DESCRIPTION</p> <p>Township 21 North, Range 27 East is located approximately 35 miles northeast of Holbrook, Arizona. The community of Chambers, Arizona is located in the southeast corner of the township.</p> <p>The terrain consists of rolling land, with stands of juniper forests scattered throughout the township. The Puerco River enters in section 25, and leaves in section 34. The average elevation is 6000 feet above sea level.</p> <p>Access is provided by U.S. Interstate Highway 40 through sections 25, 26, 33, 34, and 35, State Highway 63, and several dirt roads. The Atchison Topeka and Santa Fe Railroad runs through sections 25, 26, 34, and 35.</p> <p>Occupancy is limited to the community of Chambers, Arizona, and several individual dwellings, all in the southeast portion of the township.</p> <p>The mean magnetic declination is 13 1/2° E., as shown on U.S.G.S. Quadrangle "CHAMBERS, ARIZ.", 1971 edition.</p>

CERTIFICATE OF SURVEY

We, William P. Carpender and Darren R. Breckenridge, Cadastral Surveyors, HEREBY CERTIFY upon honor that, in pursuance of Special Instructions bearing date of the 12th day of January, 1987, and Supplemental Special Instructions bearing date of the 29th day of February, 1988, we have dependently resurveyed the Fifth Standard Parallel North (south boundary), the north boundary, and a portion of the subdivisional lines, subdivided sections 26, 27, and 34, and executed metes-and-bounds surveys in Township 21 North, Range 27 East, of the Gila and Salt River Meridian, in the State of Arizona, which are represented in the foregoing field notes as having been executed by us and under our direction; and that said survey has been made in strict conformity with said special instructions, the Manual of Instructions for the Survey of the Public Lands of the United States, and in specific manner described in the foregoing field notes.

Darren R. Breckenridge is no longer assigned to this office and is not available for signature.

MAY 19, 1997 (Date) William P. Carpender (Cadastral Surveyor)  
June 11, 1997 (Date) Darrell Wilson (Supervisory Cadastral Surveyor) for Darren R. Breckenridge

CERTIFICATE OF APPROVAL

BUREAU OF LAND MANAGEMENT  
Arizona State Office  
Phoenix, Arizona

The foregoing field notes of the dependent resurvey of the Fifth Standard Parallel North (south boundary), the north boundary, and a portion of the subdivisional lines, the subdivision of sections 26, 27, and 34, and metes-and-bounds surveys in Township 21 North, Range 27 East, Gila and Salt River Meridian, Arizona, executed by William P. Carpender and Darren R. Breckenridge, Cadastral Surveyors, having been critically examined and found correct, are hereby approved.

JUL 22 1997 (Date) Kenny D. Ravnikar (Chief Cadastral Surveyor of Arizona)

CERTIFICATE OF TRANSCRIPT

I CERTIFY that the foregoing transcript of the field notes of the above-described surveys in T. 21 N., R. 27 E., Gila and Salt River Meridian, Arizona, is a true copy of the original field notes.

(Date) (Chief Cadastral Surveyor of Arizona)
