OF THE
CORRECTIVE SURVEY

OF A PORTION OF

THE HOPI AND NAVAJO PARTITION LINE

IN

UNSURVEYED TOWNSHIP 31 NORTH, RANGE 12 EAST,

Of the Gila and Salt River Meridian,
In the State of Arizona

EXECUTED BY

Stephen K. Hansen and Joe R. Salazar Cadastral Surveyors

Under Special Instructions dated July 8, 1996, approved July 8, 1996, and Supplemental Special Instructions dated July 8, 1997, approved July 8, 1997, which provided for the surveys included under Group Number 804, and assignment instructions dated July 8, 1996 and April 22, 1997.

Survey Commenced July 15, 1996

Survey Completed September 20, 1997

Hopi and Navajo Partition Line,
 Unsurveyed T. 31 N., R. 12 E., Gila and Salt River Meridian, Arizona

CHAINS

The following field notes describe the corrective survey of a portion of the Hopi and Navajo Partition Line in unsurveyed Township 31 North, Range 12 East, Gila and Salt River Meridian, Arizona.

Sidney E. Blout surveyed the south boundary and a portion of the subdivisional lines of Township 31 North, Range 11 East, in 1907-1908. Sydney E. Blout surveyed a portion of the subdivisional lines of Township 32 North, Range 12 East, in 1907.

In 1996-97, Stephen K. Hansen and Joe R. Salazar executed the metes-and-bounds survey of the Hopi and Navajo Partition Line through unsurveyed Townships 30 North, Ranges 11 and 12 East, and Township 31 North, Range 12 East, and partially surveyed Township 32 North, Range 12 East.

The survey was executed in accordance with the specifications as set forth in the Manual of Surveying Instructions, 1973, and the Special Instructions dated July 8, 1996, and the Supplemental Special Instructions dated July 8, 1997, for Group No. 804, Arizona.

This correction was necessitated by the discovery of an error in reporting the boundary line between Angle Points 40 and 42 in the field notes of the 1996-97 survey. The field data collected during the course of that survey contained all of the information necessary to correct the official record. No additional field work was required.

All other data pertaining to this corrective survey is contained in the field notes of the metes-and-bounds survey of the Hopi and Navajo Partition Line through unsurveyed Townships 30 North, Ranges 11 and 12 East, and Township 31 North, Range 12 East, and partially surveyed Township 32 North, Range 12 East.
