OATH OF ASSISTANTS	
We hereby certify that we assisted Walter G. Turley, Surveyor - Forest Service in surveying all those	
parts or portions of Homestead Entry Survey No. 313, in unsurveyed Section 1, Township 6 N., Range 5 E., unsurveyed Section 12, Township 6 N., Range 5 E.	
of the G. & S.R.B. & meridian, State of Arizona, which are represented in the following field notes as having been	
surveyed by him and under his direction; and that said survey has been in all respects, to the best of our knowledge	
and helief well and faithfully surveyed, and the collier	
monuments established, according to the instructions fur- nished by the United States Surveyor General for Arizona.	
The wild have been a. M. Of tratton, Chainman	
Note: It would have been any expensive and inconvenient to appear before an the state of the sta	
venient to appear before an francisco doping Chainman	
officer to administer oaths to Assistants; hence, they	
were taken by the Surveyor.	
Subscribed and sworn to before me this	
Hibruary, 1915. Walter G. Pruly Surveyor- Houst Clervise	
Surveyor - Houst Clervise	
OATH OF SURVEYOR

Chains Applicant for listing, W. P. Sears; Application No. 60, dated May 23, 1913; List No. 3-3123, dated March 30, 1914; Homestead Entry No. 025577, made in the Phoenix Land Office on August 15, 1914 by W. P. Sears, whose post office address is Phoenix, Arizona.

Surveyed under Acts of June 11, 1906 and June 30, 1914: and special instructions from the Surveyor General for Arizona, dated October 26, 1914 and amended special instructions dated January 29, 1915; and designated as . Homestead Entry Survey No. 313.

. . Situated in what will probably be, when surveyed, secs. . 1 and 12, T. 6 N., R. 5 E., Gila and Salt River Base and Meridian, within the Brescott National Forest, Arizona.

Survey commenced January 26, 1915, and executed with a . W. and L. E. Gurley light mountain transit No. 12953 provided with prism eye piece, stadia wires, vertical circle, and Burt solar attachment. The horizontal limb of the transit has two double verniers placed opposite to each other and graduated to single minutes of arc, which is also the graduation upon the verniers of · the latitude and declination arcs. ·

I test the adjustments of the transit and solar attachment, and make necessary corrections. The stadia wire interval is adjusted to read 1:132.

All distances are horizontal; and were reduced from measurements made directly on the slope, with a standard 500 link steel tape graduated to links and tenths: and the slope angles determined with a clinometer, the vernier of which reads to degrees; and a Philadelphia stadia rod, graduated to feet and hundredths, provided with two targets, the verniers of which read to thousandths of a foot.

To cor. No. 4.

Identical with cor. H-3 of List 3-3123, which is a granite stone 10 x 8 x 5 ins. above ground, marked and witnessed as described by the Forest Service. I destroy cor. H-3 and its witnesses; and, for cor. No. 4 of this survey I chisel (+) on a stone 4 x 3 x 2 ins., and deposit it 15 ins. in the ground; over which I set a conglomerate stone 25 x 12 x 8 ins., 15 ins. in the ground; chiseled (+) at the point and 4 - H E S 313 on the E. face; and raise a mound of stone 2 ft. base, 1-1/2 ft. high, E. of cor., from which:

A 5 in. catclaw, blazed and scribed 4 H E S 313

+ B T, bears S. 6° 14' E., 91 lks.

A 5 in. catclaw, blazed and scribed 4 H E S 313 + B T, bears N. 38° 15' W., 104 lks.

Thence N. 25° 13' E.

Desc. NE. slope 80 ft. in undergrowth.

- 8.40 Arroyo, 60 lks. wide, banks 2 ft. high, course SE.

 Asc. SW. slope 75 ft. in open.
- 12.60 Spur, bears NW. and SE. Continue ascending SE. slope
 20 ft.
- 23.50 Cease ascending and desc. E. slope 100 ft. in undergrowth.
- 36.15 Right bank Camp Creek, 3 ft. high, course SE.

 Wagon road in creek bears N. and S.
- 36.85 Left bank Camp Creek, 3 ft. high, course SE.
 Asc. 5 ft.
- 37.14 To cor. No. 1, the place of beginning.

Area in conflict with Surprise Millsite,

Survey No. 1197 B, - - - - - - - - 4.98 acres

IMPROVEMENTS

A frame barn, 60 x 14 ft., the long side extending N. and S. and the SE. cor. of which bears N. 73° 15' W., 8.48 chs. from cor. No. 2.

Estimated Value ----- \$150.00

A frame dwelling 40 x 30 ft., the long side extending E. and W. and the SE. cor. of which bears N. 67° 10' W., 8.05 chs. from cor. No. 2.

Estimated Value ----- \$700.00

A dugout store house, 14 x 10 ft., the long side extending E. and W. and the SE. cor. of which bears N. 70° 00' W., 9.10 chs. from cor. No. 2.

Estimated Value ---- \$ 50.00

A windmill, 35 ft. high, and well 4 x 4 x 14 ft. deep, the center of which bears 'N. 61° 00' W., 6.80 chs. from cor. No. 2.

Estimated Value ----- \$300.00

A frame shop, 18 x 10 ft., the long side extending N. and S. and the SE. cor. of which bears N. 46° 55' W., 10.02 chs. from cor. No. 2 of this survey.

Estimated value ----- \$ 50.00

A frame dwelling, 20 x 12 ft., the long side extending NW. and SE. and the S. cof. of which bears N. 23° 00' W., 23.10 chs. from cor. No. 2'of this survey.

Estimated Value ----- \$300.00

Approximately 1/2 mile of wire fencing.

PRESCOTT NATIONAL FOREST

STATE OF ARIZONA

Chains

Estimated Value ----- \$ 50.00
Approximately 1/4 acre of cultivated land.

DESCRIPTION.

This claim is situated on Camp Creek, a tributary to the Verde River, at an elevation of approximately 3400 ft. and is chiefly valuable for cattle raising.

There is no timber in this section. Ash and sycamore grow along the creek.

Sufficient water for all purposes flows in Camp Creek or is obtained from the well.

The soil is a decomposed granite. Excellent garden truck has been raised upon this homestead.

The mountains to the W. of the claim are mineralized, but no townsites, coal, oil or mining claims are known to have been located in conflict with this homestead. The Surprise Millsite, Survey No. 1197 B, is located wholly within and conflicts with this homestead. The conflicting area was included in this survey at the request of claimant's legal representative, who was informed of, and agreed to the requirements of Paragraph 26 of Circular 235.

Phoenix post office and railway station is 50 miles by wagon road in a southwesterly direction.

		* OTAL ** TENTOPTORSTENDO NOAFIE

Form 85. Sheet No. 3.—Revised Feb., 1915.

Drections.—1. Carry out calculations to two decimals only.

2. In balancing Latitudes and Departures do not obliterate or change the original figures.

2. In balancing Latitudes and Departures do not obliterate or change the footing of the original figures, but put below them the corrected figure or figures above in red ink. Do not change the footing of the lines.

The corrections for balancing fallings should be proportional to the lengths of the lines.

3. In calculations of fallings take result to nearest link. In calculations of N. and S. areas drop all after second decimal.

4. Only three copies of this tabulation are necessary, for the District Office, the Surveyor General, and the Commissioner.

APPROVAL

Office of the United States Surveyor General,

Phoenix, Arizona, May 31 , 1917

The foregoing field notes of Homestead Entry Survey No.

313

executed by Walter G. Turley, Surveyor-Forest Service [Forest Service Title.] under his special instructions, dated October 26, , 1914, having and amended special instructions dated January 29, 1915, been critically examined, and the necessary corrections and explanations made, the said field notes, and the surveys they describe, are hereby approved.

U. S. Surveyor General.

I certify that the foregoing transcript of the field notes of the above-described survey in the State of Arizona, has been correctly copied from the original notes on file in this office.

Frank P. Trott
U. S. Surveyor General.

8-2349
