Lots No. 39 A. & B.

Field Notes

of the survey of the Picacho,
Mining and Mill-Site Claims.

Situate in Cochise Mining District

Yuma County, Arizona.

Claimed by E. J. F. Jaeger

Surveyed by S. R. DeLong, S. S.

Under authority from the Surveyor

General for Arizona, dated

April 24, 1874.

Survey executed April 27-28, 1874

Preliminary Oaths for Surveys of Mining Claims and Mill-Sites.

OATHS OF ASSISTANTS.

WE, L. J. J. Jaeger and Hilke De Armitz

do solemnly swear that we will faithfully execute the duties of Chain Carriers; that we will level the chain upon uneven ground, and plumb the tally pins, whether by sticking or dropping the same; that we will report the true distance to all notable objects, and the true length of all lines that we assist in measuring, to the best of our skill and ability.

L. J. J. Jaeger
Hilke De Armitz

Sworn to and subscribed before me, this 23^d day

of April 1874

William J. Brown
Notary Public

I, George Hughes

do solemnly swear that I will well and truly perform the duties of Assessor according to instructions given me, and to the best of my skill and ability.

George Hughes

Sworn to and subscribed before me this 23^d day

of April 1874

William J. Brown

Field notes of Survey of the mine known as "Peach" mine Situate in Cababi mining District Ariz. by S. R. DeLong M. E. & Deputy Surveyor (April 27 1871)

chain course Commencing at a point fixed upon as the South West corner at a Mesquite Stake set in stones marked N^o 1 SWC MC distant from Mesquite tree S 39 W 33 S and S 70 E 51 S from other mesquite tree: each blazed facing corner Post and marked SWC. The top of Peach mountain from which the mine derives its name: bears from this point S 79° 15' E 10 7/8 S and its elevation above said point 209 2/100 ft

N 82 1/2 E Thence 1000 to opposite a line of mining works upon and to road leading from mine toward Tucson or Sonora then along road 400 where road winds more to south and is a shaft 6 ft by 8 ft and 30 ft deep that has been sunk and a tunnel started evidently with a view of draining the water from the main works then S 33 1/2 E to a Palo Verde Post set in stones and marked N^o 2 SWC MC No tree near

45 45 3/11

N 7 1/2 W Thence two hundred feet (30 3 1/3) to centre of vein then S 0 3 1/3 to a Palo Verde Post set in stones marked N^o 3 SWC MC No tree convenient

45 45 3/11

N 89 1/2 W Thence 35 4 5/11 to a point opposite the main shafts and works of mine and distant at right angles from line to nearest shaft S 0 S Shaft 6 x 6 and 75 ft deep then 1000

45 45 3/11

to a mesquite stake set in stones marked N^o 4 SWC MC and distant east from an Iron Wood tree 45 S Tree blazed and marked N^o 4 SWC MC Thence

Chains Course

87 1/2° 8

606 2/33

303 1/3 to centre of vein then 303 1/3
to piece of beginning containing
This mine has been worked a
few years since very extensively,
but work has been stopped owing
to the great amount of water in
the shafts. Apache Indian dep-
redations and like causes -

27 53/100 A

There is a line of shaft sunk
upon this claim running nearly
across it

1000 down south line and at right angles
to it distant 106 is shaft 1 noft deep
Shaft 2 is 100 ft deep

" 3 " 24 " " and
fifty feet of side levels

Shaft 4 is 285 feet in depth as
nearly as could be ascertained on
account of the water and has leads
and pockets running from it cal-
culated to exceed two thousand feet

5 is 28 feet deep

6 " 23 " "

7 95 " " and is 80
feet from north line at right angles and
down the line from Post 1, N.W. CORNER

The main or large shaft 4 has 160
feet of water in it which renders
a complete examination impossible

The cost of the labor expended
upon this mine ^{by the claimant and his grantors} cannot have
been less than \$150,000.

Mr Sager has kept an agent
at the mine for some time though
active operations are now suspended
