Sunset Mine,

Notice, I the undersigned have this day located a mining claim 1500 feet in length and 500 feet in width, bounded and described as follows: Commencing at a monument of stones, the posting place of this notice, located on hill side about six hundred and fifty feet from the monument which forms the S. W. corner of the Sucky Creek Mine, and the N. W. corner of the Suck Mine & running from thence 300 feet N. 55° W. variation 15° E. to monument of stones, the N. E. corner, thence 1500 feet S. 30° E. variation 15° E. to monument of stones N. W. corner, thence 500 feet S. 55° E. to monument of stones S. E. corner

thence 300 feet to point of beginning. This claim joins the Suck Mine on its (the Suck Mine's) western boundary; it is located about one half mile southerly from ~~Grid~~ Schieffel's and Walker's Camp, Humboldt District Pima County, Arizona Territory. I claim this mining claim with all the privileges allowed by and subject to the laws of Congress and the Territory of Arizona.

This claim to be known as the ⁹ Linsen
Mine, Located May 13th 1878,

Sunset Mine Re-Location

Notice is hereby given that the undersigned claims fifteen hundred ^{linear} feet of this lode vein or mineral belt together with all the dips, spurs and angles. Commencing at this notice and running 750 feet in a southerly direction and from this notice 750 feet in a northerly direction, being six hundred feet in width, and described as follows, to wit: Commencing at a monument of stones 750 feet from this notice which forms the north centre boundary of the Locomotive Claim, and running thence three hundred feet westerly to a monument of stones the S.W. corner; thence 1500 ft northerly along the east line of the Past Mail and Wedge Claims to a monument of stones the N.W. corner; thence 500 feet easterly along the line of the Buck Bone Claim to a monument of stones, N.E. corner; thence 1500 southerly to a monument of stones S.E. corner; thence 300 feet westerly along the north line of the Locomotive Claim to point of beginning. This is a re-location of the Sunset Mine, made to com-

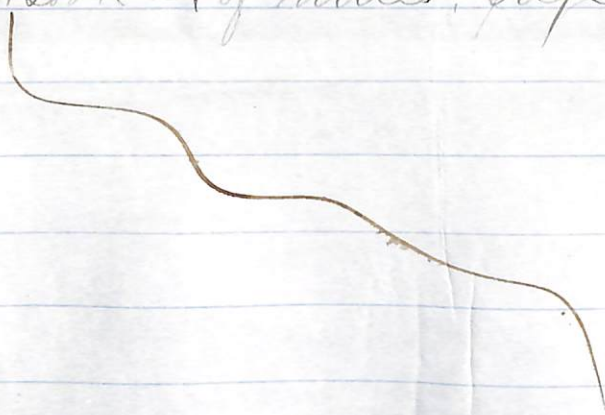

form with changes made in the corners
and lines of other claims, determined
by actual survey, which it does without
encroaching on any other claim, and
only necessitating the movement of two
monuments on the Buck Bone line,
located in Parkstare Mining District
Prima County, Arizona Territory. The original
claim was located by me on the 13th day
of May, A.D. 1878, and recorded in County
records May 16th 1878. This mine to be known
as the Sunset Mine. Located in accordance
with the Mining laws of Congress, May
10th 1872.

Note the location. The undersigned have
 this day located a Mining claim, 891
 feet in length and 500 feet in width,
 on this mineral bearing vein or lode, more
 particularly described and bounded as
 follows. Starting at this monument of
 stones which is situated 528 feet north
 west of discovery shaft, and running
 thence N. $45^{\circ} 50' W$, 300 feet to a monu-
 ment of stones; thence N. $44^{\circ} 10' E$, 891
 feet to a monument of stones; thence
 S. $45^{\circ} 50' E$, 300 feet to a monument of
 stones; thence S. $11^{\circ} 9' E$, 364 feet to a
 monument of stones; thence S. $44^{\circ} 10'$
 W , 684 feet; thence N. $45^{\circ} 50' W$, 300
 feet to a monument of stones the place
 of commencement. This is a relo-
 cation of the Sunset Mining Claim
 made to conform with the actual course
 of vein determined by prospecting and
 surveying. The original location of this
 claim was made by me May 13th 1898
 and recorded May 15th. This relocation
 widges no other claim, and shall
 be final and complete. I claim this
 mining claim with all its mineral bear-
 ing veins and deposits, and all dips

spurs and angles of the same, Subject to the laws of the United States Congress, and the Territory of Arizona. This claim is located in Danbstone Mining District, Pima County, Arizona Territory, and known as the Summit Mine. All bearings are from the true meridian.

Notice of Re-Location. The undersigned have this day located and claim this mining claim 891 feet in length and 300 feet in width on this mineral bearing vein or lode, more particularly described and bounded as follows. Starting at this monument of stone which is situated 328 feet south-west of discovery shaft, and running thence $N. 45^{\circ}-50' W.$ 300 feet to a corner monument of stones; thence $N 44^{\circ} 10' E$ 891 feet to a monument of stones; thence south $45^{\circ}-50'$ East 300 feet to a monument of stones the northern end center monument; thence south $45^{\circ}-50'$ East 300 feet to a monument of stones, the north east corner; thence south $44^{\circ} 10' W.$ 891 feet to a monument of stones, the south east corner; and thence $N. 45^{\circ}-50' W.$ to the place of beginning. This is a re-location of the Sunset Mining Claim, being the same property mentioned in a notice of location made by James E. Walker December 9th 1878, and in the other notices therein mentioned, said notice of Decr. 9th 1878, being on record in the office of the Recorder of Pima County, in Book of Mines C. at page 724: This re-location

is now made solely for the purpose of including within the surface ground of this claim a piece of ground heretofore on the 23rd day of February 1880, by the owners of the Luck Sure Mining Claim abandoned to me for that purpose from the Luck Sure Mining Claim, and which surface ground is necessary to make this claim a parallelogram 891 feet in length and 500 feet in width, and I claim all and every of the rights heretofore mining under the several locations and re-locations heretofore made by said Thomas E. Walker as well as under the Mining laws of the United States, this claim is situated in Double Mountain Mining District, Inyo County, Arizona, and shall be known as the Sunset Mine
