LOT NO. 37.

Field Notes

of the survey of the

Cumberland

Mining Claim.

Situate in Martinez mining district,

County of Yavapai and in Sec. _____, Tp. 10N,

Range 6W, of the Gila and Salt River Meridian,

ARIZONA.

Claimed by The Cumberland
Mining Company.

Survey executed by L. Burton Foster D. S.,

Under instructions dated April 19. 1880

Survey commenced May 29. 1880

Survey completed May 29. 1880

PRELIMINARY OATHS FOR SURVEYS OF MINING CLAIMS AND MILL SITES.

WE, H. M. Herbert and W. H. Thome
do solemnly swear that we will faithfully execute the duties of Chain Carriers; that we will level the chain upon uneven ground, and plumb the tally pins, whether by sticking or dropping the same; that we will report the true distance to all notable objects, and the true lengths of all lines that we assist in measuring, to the best of our skill and ability.

H. M. Herbert

General Description

This claim is situated along the foot and on the Western slope of a southerly spur from the Dale Creek Mountains about one and one half miles west of Frint's ranch on Martinez Creek.

The mine is of easy access, the ledge large and considerable quantities of gold bearing quartz have been taken from most every excavation on the claim hence when it is vigorously worked it ought to produce profitable results.

The work on the claim consists of shafts and cuts as represented by the foregoing field notes and plat accompanying exceeding in value five hundred dollars and was performed by claimants or their grantors.

May 29th 1880
A. Dutton Fort
U.S. Deputy Surveyor
Mineral Lands

FINAL OATHS FOR SURVEYS OF MINING CLAIMS AND MILL-SITES.

A LIST of the names of individuals employed to assist in running, measuring, or marking the lines and corners described in the foregoing field-notes of the survey of

Bumbarland.

Notice of Location
 Of the Bumbarland Ledge or claim con-
 taining Gold and located as a gold quartz
 Mine. The undersigned claim for
 mining purposes. Fifteen hundred
 (1500) feet of this Quartz ledge in length
 along the ledge or vein, and three
 hundred (300) feet on each side of
 the middle of the vein at the sur-
 face, together with all the dips, spurs
 and angles, and all valuable min-
 eral deposits contained therein, and
 all timber growing within the limits
 of said claim, and all water and
 water privileges thereon or appurte-
 nant thereto, under and according
 to the provisions of an Act of Congress
 approved May 10th 1872, entitled "An
 Act to promote the development of the
 Mining Resources of the United
 States."

This claim commences at this
 Notice which is posted in a con-
 spicuous place at a stone monument
 and running fifteen hundred (1500)
 feet in a South Easterly direction (or
 along vein) to a similar Notice and mon-
 ument. This claim (Ledge) is situated
 in Yavapai County, Arizona Territory
 in the Southern portion of the Date
 Creek Mountains about three (3)

miles in a westerly direction from
 Martiney Creek. also about (more or less)
 three miles in a westerly direction
 from the Black Ranch and about
 twenty seven (27) miles in a Northern
 direction from the mountain known
 as the "Vulture Peak" and about three
 (300) hundred yards above an old
 stone cabin on flat west of said ledge
 and shall be known as the Cumberland
 Ledge or ledge. Dated on the ground
 this Fifth day of Feb'y 1878.

MEMORANDUM

TO: Linda Goodroad / AZ-954
FROM: Danny West / AZ-956
Subject: Mineral Survey Patent No. 21787

In the process of reviewing mineral surveys for possible cancellation, an apparent error has been identified in BLM records.

The HI for Township 10 North, Range 6 West, Gila & Salt River Meridian, indicates that the Cumberland mining claim (listed as Lot 66) located in section 14 is patented under Patent No. 21787, dated August 3, 1892. Our survey plat indicates that the Cumberland mining claim located in section 14 is the survey of Lot 37, surveyed under General Survey No. 174. This survey record does not correspond in configuration, acreage, Lot No. or mining district to the patent description.

The Cumberland mining claim referenced in Patent No. 21787 is actually located in section 15, Township 23 South, Range 24 East, Gila & Salt River Meridian. It is the survey of Lot 66, comprising 10.57 acres, surveyed as Mineral Survey No. 862. The corresponding HI entry for this township is incomplete, showing the Lot 66 designation and correct patent date, but with no patent number or survey acreage.

With your concurrence, we are requesting that the HIs for these townships and other corresponding card files and/or records be corrected to reflect the appropriate application of Patent No. 21787. We will then correct our own Cadastral records and issue a cancellation memorandum for the unpatented survey, General Survey No. 174.
