LOT NO. 64

Field Notes

of the survey of the

Mountain Maid
Mining Claim

Situate in Tombstone mining district,

County of Pima and in Sec. 11, Tp. 20 S,

Range 22 E, of the Gila and Salt River Meridian,

ARIZONA.

Claimed by A. C. Bilicke and C. Bilicke

Survey executed by Herbert B. Maxson D. S.,

Under instructions dated November 22^d 1880

Survey commenced November 23, 1880

Survey completed November 24, 1880

PRELIMINARY OATHS FOR SURVEYS OF MINING CLAIMS AND MILL SITES.

WE, Jos A. Whiteker and Harry C. Stone
do solemnly swear that we will faithfully execute the duties of Chain Carriers, that we will level the chain upon uneven ground, and plumb the tally pins, whether by sticking or dropping the same; that we will report the true distance to all notable objects, and the true lengths, of all lines that we assist in measuring, to the best of our skill and ability.

Jos A. Whiteker.
Harry C. Stone

SWORN AND SUBSCRIBED before me this 23^d
day of November 1880

Notary Public

I, Wm F. Taylor
do solemnly swear that I will well and truly perform the duties of _____
Flagman according to instructions given me, and
to the best of my skill and ability.

Wm F. Taylor

SWORN AND SUBSCRIBED before me this 23^d
day of November 1880

B. A. Ficus
Notary Public

Tombstone Arizona,
Nov. 25th 1880

Hon Jas Wasson
Surveyor Genl Arizona

Dear Sir,

Under your instructions bearing date of Nov 22^d 1880. I have surveyed the "Mountain Maid" Mining Claim and enclosed please find "Plat" and "Field Notes" together with the Blank Affidavits properly signed and sworn to.

In reply to Extra Instruction No 1 I would say,

Where it was possible to take bearings upon corners by means of a "flag" I did so. But where the claim was covered with buildings I used the system of triangulation.

The connections with Townsite Corner, and U. S. Min. Mont. were taken by actual bearing with Transit, and the measurements made, by means of chain and plumb bob.

Reply = No 2

Where it was possible to find corner stakes showing reliable and correct, corners of Blocks I re-established the line of the Block on street and then noted the intersection of the true line of the claim.

Very few of the stakes showing the street corners ^{for lots} can now be found. Therefore it is impossible to show many intersections.

I also send you duplicate samples of ore taken from the main shaft by myself.

Respy your Obedt Servant
Herbert B. Wasson
U. S. Dep Surveyor

Herbert B. Maxson.
U. S. Dep. Min. Surveyor.

General Description.

This claim is situate wholly within the limits of Tombstone Town Site, and lies upon a flat, which slopes toward the west, being in Pima County, Arizona.

The work done by claimants consists of two shafts. No. 1 is situate 438 feet from the S.W. corner of claim. It is a single compartment shaft, 4 x 6 feet and has been sunk on an incline of about 10° to a depth of 63 feet. The incline has followed the ledge which has an average width of about 7 inches, until a depth of 50 feet is reached when it begins to get wider. Expense of sinking shaft, about \$10.00 per foot.

The other shaft No. 2 being sunk at present on Lot 4, Block 4, T.T.S. It is a double compartment shaft, 6 x 8 feet, and at the present date has reached the depth of 52 feet. Much mineral stained rock has been taken from this shaft, but no defined ledge has yet been found.

Nearly every "lot" of the Townsite, on the eastern half of this claim, has a structure of some kind built upon it, many of them, being expensive and elegant buildings, about half of which are frame, while the others are built of adobe.

About one third of the "lots" on the western half of the claim are built upon, but the majority of the buildings, consist of small frame cabins.

It is impossible to estimate the value of all these buildings, erected upon the surface of the Mountain Maid Mining claim.

Herbert B. Maxson
U. S. Dep. Min. Surveyor

FINAL OATHS FOR SURVEYS OF MINING CLAIMS ~~AND~~ MILL SITES.

A LIST of the names of individuals employed to assist in running, measuring, or marking the lines and corners described in the foregoing field-notes of the survey of,

The Mountain Maid Mining Claim
located in Tombstone Mining District, Pima County, Arizona, showing the respective capacities in which they acted.

Jno. A. Witcher Chainman.
Harry C. Stone Chainman.
Axeman.
Wm. F. Taylor Flagman.

WE hereby certify that we assisted Mr Herbert B. Maxson U. S. Deputy Surveyor, in surveying

The Mountain Maid Mine
claimed by C. and A. C. Bilicks
located in Tombstone Mining District, Pima County,
and in Township No Range No of the Gila and Salt River base and meridian,

Arizona, and that said Survey has been in all respects, to the best of our knowledge and belief, well and faithfully executed, and the boundary monuments planted according to the instructions furnished by the Surveyor General.

Jno. A. Witcher, Chainman.
Harry C. Stone, Chainman.
Axeman.
Wm. F. Taylor, Flagman.

SWORN TO AND SUBSCRIBED before me this 24th day of November 1880

B. A. Francis
Notary Public

I, Herbert B. Maxson U. S. Deputy Surveyor, do solemnly swear that, in pursuance of instructions from John Wasson, U. S. Surveyor-General for Arizona, bearing date the day of November 22^d 1880, I have well, faithfully and truly, in my own proper person, and in strict conformity with the instructions furnished by the Surveyor-General and the laws of the United States, surveyed all those portions of

The Mountain Maid Mine
claimed by C. and A. C. Bilicks
located in Tombstone Mining District, Pima County,

Arizona, as are represented in the foregoing field-notes as having been surveyed under my directions; and I do further solemnly swear that all the corners of said surveys have been established and perpetuated in strict accordance with the instructions furnished me, and that the foregoing are the true and original field notes of such surveys.

Herbert B. Maxson Deputy Surveyor.
