Thence Iron S. 86° 47' W var 11° 53' E along N line of claim and at close on stone monument enclosing an area of 19.64 acres. The area of Sultana in conflict with Delhi is 0.45 acres. The area of Lucknow in conflict is 0.12 acres. The area of Iron clad in conflict is 2.15 acres. The area of Eagle in conflict is 2.26 acres. The above areas are not claimed by the

Field Notes of the Survey of Delhi Mining Claim Tombstone Dist Continued

owners of Delhi The area of Delhi clear of said conflict is 14.77 acres. upon the above mentioned claim the improvements consist of a shaft 38 feet deep sunk in very hard rock valued at over \$500.00 and I certify that said shaft was sunk by present owners, and applicants.

The above claim is situated in the Tombstone foot hills.

The course of survey does not agree with that in the original location notice, but is surveyed exactly in accordance with the original monument, as pointed out to me by James Bryden and Arthur M Steury, the monuments were pointed out to me over two years ago when I made a preliminary survey of the claim, and the present survey agrees with the original location as then shown to me. The break in the X line is caused by the initial monument of the Telegraph ^(now gentle slope) standing in on the Delhi ground, it was placed there by Bryden and Steury and intended to be in a direct line between Post No 1 and No 2. I have surveyed exactly by the old original monument.

Surveyed Sept. 13th 14th + 15th 1881

Tucson, Arizona, *October 15th* 1881

The foregoing field notes of the survey of the *Del Rio*
Mining *Claim* situate in
 the *Tombstone* Mining District, *Cochise*
 County, Arizona, claimed by *Merrimae Silver*
mining company.
 survey executed by *A. J. Mitchell* Deputy
 Surveyor, under instructions from this office, having been critically examined
 and the necessary corrections and alterations made, the said field notes and
 the survey they describe are hereby approved.

John Masson

Surveyor General.

James M. Jackson being first duly sworn according to law. deposes and says.

Question Are you the original locator of the Mable Ham?

Answer. yes.

Quest. At the time you located the Mable Ham did you look for the Delhi Monument and state what you found?

Ans. I found only two monuments standing, those being the East Center end, and N.E corner monuments.

Quest. Did you find any monuments on the west end of claim.

Ans. None at all.

Quest. Did you take any trouble to find the boundaries of Delhi.

Ans. I did I went over the ground with the Delhi notice in my hand and could only find those monuments above referred to.

P. H. Bracken being first duly sworn according to law. deposes and says, I am one of the original locators of the Gentile Bell mining claim, which claim joins the Delhi mining claim. I am well acquainted with the ground where the Delhi claim is situated, and at the time I located the Gentile Bell claim, upon the 18 day of December A.D. 1879. the monuments upon the northern boundary of Delhi were standing and from that day till the present time, the N.E corner has been standing, also the monument about the middle of the North side line, which was the initial monument of the old Telegraph location and is now the initial monument of the Gentile Bell. The Posts marked D.M.C No 1. and D.M.C No 7. as placed in the recent survey for Patent by A. J. Mitchell, exactly agree with the old original monument of Delhi location

A. Laurilliard being first duly sworn according to law deposes and says, I purchased the Buffalo Bell Mining claim on Feb^y 23rd A.D. 1881, from S. O. Baker the original locator, and at that time I searched the ground thoroughly, and found no monuments, except those marking the boundaries of the Buffalo Bell, in the month of May A.D. 1881 I took three men and paced all over the ground of the Buffalo Bell looking for monuments and could find none, and about the same date I talked with the agent of the Delhi Mining claim W. R. Meade and requested him to show me his boundaries, which he promised to do repeatedly but failed to comply with his promise, and stated that he was not aware that I was on the Delhi ground, upon the 13th day of Sept A.D. 1881 Deputy Surveyor A. J. Mitchell visited the Delhi claim with instructions from the U.S. Surveyor General to make survey of "Delhi" for Patent, I protested against the survey; in surveying Delhi he ran the line on to my claim, and I informed him that the Delhi had no right there. The only monument I ever found belonging

to the Delhi claim was the monument standing at the East Centre end of claim. I would further state that from the time I spoke to W.K. Meade, and till the present day he has never informed me that I was on the Delhi ground.

A. T.

Toland Hart, being first duly sworn, according to law, deposes and says:

In May A. D. 1881, I, in company with Arthur Laurilliard was at the Buffalo Bell shaft, when W. J. Meade, agent of the Delhi Mining Claim, rode up, and in the course of conversation asked, "what claim it was, who owned it & if they had struck anything;" we told him, he made no comments & shortly afterwards rode off.

I have resided on the ground of said Buffalo Bell Claim since May 1881, but have never been able to discover any monuments on said ground besides those marking the boundaries of said Buffalo Bell claim.

On the 13th of Sept., 1881, Deputy Surveyor, A. J. Mitchell visited the Delhi claim, with instructions from the U. S. Surveyor General to make survey for Patent, and in making such survey, he ran the lines of the Delhi on to the Buffalo Bell. Mr. Laurilliard, protested against

Such survey and stated that the
Delhi had no rights there ... 25

W. K. Meade being duly sworn says; I have resided in Tombstone Mining District for over two and one half years, and well acquainted with the Belthi Mining Claims, know that the stakes with the "Belthi Mining Claim" marked distinctly on them, together with well established rock monuments, showing the boundaries; have continually stood for over two and one half years, have been on the ground, that is the Belthi ground, and know that the stakes as established by Mr A. J. Mitchell in making an official survey to correspond exactly with the original corners.

Mr A. J. Samuels came to me last spring and asked me to name a time when I could come and show him same, the Belthi Monuments. I went over and pointed out to him the monuments, referred him, Mr Samuels, to Mr A. J. Mitchell as the party who made the original survey

of the Delhi. I know that Mr
 Laurilliant succeed in getting
 the note from Mr Mitchell and
 fully informed himself that he,
 Laurilliant, was within the Delhi
 boundaries. Mr Laurilliant came
 to me during the month of May
 or June last and asked me,
 would I allow him to continue
 to work on in case his shaft
 should prove to be on the Delhi
 grounds. Stating that he would
 not remove any ore from Delhi
 grounds, his object being to drift
 from the bottom of the shaft into
 his own grounds. I told him I
 could see no objection, but declined
 to act, stating to him that the
 president of the company (Merrin
 mac) would soon be out, and
 I would lay the matter before
 him.
