U.S. Surveyor General

Tucson A.T.

Sir: Enclosed please find the Field Notes Plat and accompanying papers of the survey of the Pioneer South Mining claim. The survey is made to conform to the monuments as existing on the ground which were established by private survey by me October 11<sup>th</sup> 1879 for T. J. Newland and having been all torn down excepting 2 were reestablished by me for the Company March 3<sup>rd</sup> 1882.

The amended Notice of Location signed by Alonso Bailly places the claim in Pioneer District when in fact it is in no District and at least 25 miles from Pioneer District. The mistake probably arose from the fact that there are 5 claims all called Pioneer with some qualifying term.

Duplicate specimens of the ore will be sent by express

Respectfully yours
