LOT NO 43

SURVEY NO 529

Field Notes

of the survey of the

Mariposa

Mining Claim

Situate in Yallapai mining district.

County of Mohave and in Sec 7, Tp 22 N.

Range 17 W., of the Gila and Salt River Meridian.

ARIZONA.

Claimed by L. S. Melton et al.

Survey executed by O. F. Kuencer D. S.

Under instructions dated May 21st 1883

Survey commenced July 12th 1883

Survey completed " " 1883

PRELIMINARY OATHS

FOR SURVEYS OF MINING CLAIMS AND MILL SITES.

WE, Charles Smith and Geo W. Coleman
do solemnly swear that we will faithfully execute the duties of Chain Carriers: that we will level the chain upon uneven ground, and plumb the tally pins, whether by sticking or dropping the same; that we will report the true distance to all notable objects, and the true length of all lines that we assist in measuring, to the best of our skill and ability.

Official Survey
of the
Mariposa Mine, claimed by
Lamson S. Melton and William
F. Grounds, situate in Wallapai
Mining District, County of Mohave
Territory of Arizona

4

1

Official Survey of the Mariposa Mine
Claimed by Lamson S. Welton, William F.
Grounds and Henry C. Wilson, situate in the
Mullapai Mining District, County of
Mohave, Territory of Arizona

The Survey has been executed with
a Keller and Brightley Transit
(Philadelphia make)

I determined the true meridian
by equal shadows of the sun, making
my observations at the time of the
Summer Solstice June 21st 1883, and
obtained fourteen (14) degrees and
twenty five (25) minutes east as
the variation

The Mariposa mine having been
located prior to May 10th 1872 and the
certified copy of the location notice
of said mine being not sufficiently
definite and certain to enable me
to make a correct survey, therefore
I served notice in writing on
J. P. Layne an owner of the mining
ground adjacent to the Mariposa
mine and having ascertained by
his testimony the boundaries as
originally established, I made
the survey in accordance therewith
and with the local laws in force
at the time of location of said
Mariposa mine, allowing one
hundred and fifty (150) feet on each
side of centre of vein.

The notice as also the affidavits
accompany these returns.

The improvements on said Mariposa
mine consist of a shaft thirty
three (33) feet deep, a shaft twenty
(20) feet deep and a tunnel one
hundred and thirty (130) feet long more or

Feet

less. All of said improvements are worth the sum of five hundred (\$500) dollars and upwards, and have been made by the applicants and their grantors.

Embracing a portion of Sec 7 Township 22. N. of R 17 W. Gila and Salt River Base and Meridian

Beginning at a post two (2) by four (4) inches two and one half (2 1/2) feet high marked A in mound of stones and on the south end of Mariposa claim, from which initial point of location, a small stone monument and shaft on centre of vein bears

N. 24° 50' W

100

to ravine

300

to initial monument and shaft twenty feet deep bears

N. 24° 50' W.

100

to ravine

269

to shaft, thence from said post and monument

N. 65° 10' E

120

to a shaft on Prosperity mine, claimed by P. Knight and J. P. Layne, and located subsequent to the location of the Mariposa mine

150

to a post two (2) by four (4) inches and two one half feet (2 1/2) high marked B in mound of stones at S E corner of claim

thence from said post and

Feet

- and monument
N 24° 50' W
- 600
