-Description of Survey-

I set a flag at the South
center end of the Silver Plume
Mining Claim Lot No. 65,
as this point is described as
the North East center of the
Rattling Boy mining claim.
I then go to the South-West
center monument and to make
sure that this is the South

west center monument, pull down the monument and discover pieces of paper weather worn and water stained. I put these pieces together and find they describe this monument as the North west corner of Grand Moquel and south center of the Battling Boy mining claim:-

I then commence at this monument and find the center line of claim to bear $N 6^{\circ} 25' E$.

Var. $11^{\circ} 25'$ East.

 the Silver Plum post and
 rebuild the monument around
 them $4\frac{1}{2}$ ft. at base and $3\frac{1}{2}$
 ft. high. Post marked R.B.

Note: The location notice calls for fifteen hundred feet in length for this claim but knowing where the monuments were and having a description of the claim from the former owner I find it to be but the 550.8 ft. as measured:-
