Mineral Surveyor under instructions
from the Surveyor General of date
May 3rd 1889.

Survey commenced May 8th 1889.
Survey completed May 9th 1889.

Description of Survey.

I find upon examination of the mon-
uments upon the ground claimed
in the notice of location, that the
notice describes the claim running
South, when the monuments and
stakes show the claim running
nearly east. I also find the notice
of location describes the claim as
900 ft in length. But the center line
I find measures over 1000 ft. between
the monuments as established on
the ground. I therefore make my
survey according to the monumen-
ts established.

Beginning at the Initial mon-
ument mentioned in the notice
of location and marking the
North end of claim, which point is
also the Easterly center end of the
