Location

This claim is located on unsurveyed government land approximately in T. 12 N. R. 1 W in the Big Bay Mining District Yavapai County Arizona, and about 10 miles on an air line S. E. from Prescott. The adjoining claim on the S. W. is the Delone unsurveyed owned by John D. Lee, the adjoining claim on the N. E. is the Belcher Lode patented Lot No. 44, owned by the Providence Gold Mining Co. and close on the east but not adjacent, the Anne Lode, Survey No 1231 owned by the Providence Gold Mining Co. A fractional claim between this claim and the Anne Lode named the Mona, unsurveyed, belongs to John Kinney and Joe. Askew

Expenditure of Five Hundred Dollars

I certify the value of the labor and improvements upon this claim, placed thereon by the claimant and ~~the~~ ^{his} grantors, is not less than five hundred dollars, and that said improvements consist of shaft No 2 6x6x30 ft in rock and a drift from the bottom of the same, 3 1/2 x 7 x 40 ft long bears N. 40° E

Center of shaft bears from Mon No 1 S 85° 10' E	393 ft.
Value of shaft and drift	\$490

Instruments

The survey was made with a Buff & Berger Transit No. 1482 with solar attachment. The courses were deflected from the true meridian as determined by observation on Polaris July 10th 1896 at its eastern elongation at ^{hrs. min.} 0 10 A.M. on the line of the south end of this claim azimuth angle 1° 31'.

Note The general direction of the ledge through this claim as near as can be determined is $N 38^{\circ} 02' + E$ passing through the center of the end lines and also through the dis. mon. although covered where not indicated on the plat but showing itself by crossing on the line produced to the S.W. and also on the line produced N.E. by the crossings and development work done on the Belcher lode

Note The reason that mon. on the west side was made No 1 is that the location notice states that it is the beginning point of the location, and by natural order should be No 1 of this survey.
