## Instrument

This survey was made with a Gentry solar transit, the course was deflected from the true meridian as determined by direct solar observations

The solar was checked every morning with a meridian determined by observations on Polaris at its eastern elongation.

The distances were measured with a 100 foot steel chain.

## Survey No 1245

## Onyx Placer.

- a The soil embraced in this claim consists mostly of a decomposed lime stone or onyx. The onyx beds appearing at most places very near the surface. There is very scant vegetation upon the claim, consisting of scattering bunches of grass and cat claw brush, no trees.
- b The only stream passing through this claim is Big Bay creek, which crosses only the extreme south west corner and south-east corner of the claim. This being a typical Oregon stream, the channel being on an average 100 feet wide, at the time of this survey it was nearly dry.
- c The surface workings on this claim consists of Quarries, on all the claims the most extensive of which are on Onyx No 5 and Onyx No 7. The onyx lies horizontally in layers of from 3" up to 3' in thickness, the other dimensions as large as can be handled. The principal quarry at present lies on the side line between Onyx No 5 and Onyx No 7 -  $S 46^{\circ} 28' E$  of  $cr. \circ N^{\circ} 4$ , 200 feet. Average depth 6', average width 50', average length 200', course of quarry  $S 46^{\circ} 28' E$ .
- d The nearest post office to this claim is Mayer, a station on the Prescott and Phoenix stage road known as the Black Canyon route, about 300 feet from the south boundary of the claim. The nearest rail road station is Prescott about 28 miles north-west of the claim.
- e There are no known systems of lode claims in the immediate surroundings of this claim, the nearest being at Curtis on Big Bay <sup>creek</sup> about 3 miles from the claim.

## Survey No 1245

- f. The claim is not adapted to placer mining.
- g. The works and expenditures made by the claimants for the development of the claim consists of numerous trenches, on all the claims. the principal one being described under paragraph "c" of this report.
- h. There are no mines, salt licks, salt springs or mill seats upon this claim.
