FINAL OATH OF U. S. DEPUTY MINERAL SURVEYOR

I, J. J. Fisher, U. S. Deputy Mineral Surveyor, do solemnly swear that, in pursuance of instructions received from the United States Surveyor General for Arizona, dated Jan 10th 1901, I have, in strict conformity to the laws of the United States, the official regulations and instructions thereunder, and the instructions of said Surveyor General, faithfully and correctly executed the survey of the Mining Claim of J. E. Perry, known as the Least Chance Placer, situate in Weaver Mining District, Yavapai County, Arizona, in Section Township No. Range No. and designated as Amended Survey No. 1452, as represented in the foregoing field notes, which accurately show the boundaries of said mining claim as distinctly marked by monuments on the ground, and described in the attached copy of the location certificate, which was received by me from the Surveyor General with said instructions, and that all the corners of said survey have been established and perpetuated in strict accordance with the law, official regulations and instructions thereunder; and I do further solemnly swear that the foregoing are the true and original field notes of said survey and my report therein, and that the labor expended and improvements made upon said mining claim by claimant or his grantors are as therein fully stated, and that the character, extent, location and itemized value thereof are specified therein with particularity and full detail, and that no portion of said labor or improvements so credited to this claim has been included in the estimate of expenditures upon any other claim.

PROTEST AND ADVERSE CLAIM.

United States Land Office, Prescott, Territory of Arizona.

In the Matter of the application of)
T. E. Peery for a United States)
patent for the Last Chance placer)
mining claim and the land and prem-)
ises appertaining to said mine,)
situated in the Weaver Mining Dis-)
trict in Yavapai County, Territory)
of Arizona.)

TO THE REGISTER AND RECEIVER of the United States Land Office at
Prescott, Arizona, and to the above named applicant for patent for
the Last Chance placer mining claim;

You are hereby notified that Lilian Upton of the City
of Clinton, County of Clinton and State of Iowa, and a citizen of
the United States of America, is the lawful owner, and entitled to
the possession of Two Hundred and thirty x 195 feet of the said
Last Chance mine described in said application, as shown by the
diagram posted on said claim, and the copy thereof filed in the
land office with said application, and as such owner this contestant,
the said Lilian Upton, does protest against the issuing of a patent
thereon to said applicant, and does dispute and contest the right
of said applicant therefor.

And this contestant does present the nature of his
adverse claim, and does fully set forth the same in the affidavit
hereto attached, marked exhibit "A" and the further exhibits thereto
attached, and made part of said affidavit.

The said Lilian Upton therefore respectfully asks the
said Register and Receiver that all further proceedings in the
matter be stayed, until a final settlement and adjudication of the
rights of this contestant can be had in a court of complete
jurisdiction.

LILIAN UPTON,
By Geo. B. Upton,
Attorney in Fact.

EXHIBIT "A"

Territory of Arizona,)

County of Yavapai)^{SS}

George B. Upton, being first duly sworn, deposes and says, that he is a citizen of the United States, born in the State of Iowa, and is now residing in Stanton, Arizona; that he is Attorney in Fact for the contestant and protestant named in, and who subscribed the notice and protest hereto annexed. Affiant further says that said Lilian Upton is the owner by purchase and in possession of the (adverse) lode or vein of quartz and other rock in place, bearing gold, silver, and other metals. That the said lode is situated near Stanton, in Weaver Mining District, Yavapai County, Territory of Arizona.

(The history of the lode may be given, if deemed advisable, as follows.)

This affiant further says, that on the day of its location the premises hereinafter described were mineral lands of the public domain, and entirely vacant and unoccupied, and were not owned, held, or claimed by any person or party as mining ground or otherwise, and that while the same were so vacant and unoccupied and unclaimed, to-wit:

On the 1st day of January, 1899, (name locators), each and all of them being citizens of the United States, entered upon and explored the premises, discovered and located the said 230 x 195 feet of said lode, and occupied the same as the Midnight mining claim. That the said premises so located and appropriated consist of 600 feet in an Easterly direction, and 1500 feet in a Northerly direction, together with all the dips, spurs, angles, depths, widths, offshoots and variations, as will fully appear by reference to the notice of location, a duly certified copy whereof is hereto annexed, marked Exhibit "B," and hereby made a part of this affidavit. That

-3-

the locator, after the discovery of said Midnight lode, drove a stake on said lode on the discovery claim, erected a monument of stone around said stake, and placed thereon a written notice of location, describing the claim so located and appropriated, giving the names of the locators and quantity taken by each, and after doing all the acts and performing all the labor required by the laws and regulations of said Weaver mining district and Territory of Arizona, the locators of said lode caused said notice to be filed and recorded in the proper books of record in the Recorder's office in said District on the 21st day of March, 1899.

Affiant further says, that the said locator remained continuously in possession of said lode, working upon the same, and within Three months from the date of said location had done and performed work and labor on said location, in mining thereon and developing the same, more than Thirty days work, and expended on said location more than One (\$100.00) hundred dollars, and by said labor and money expended upon the said mining location and claim, had developed the same, and extracted therefrom more than -- tons of ore.

And affiant further says, that said locators, in all respects, complied with every custom, rule, regulation, and requirement of the mining laws, and every rule and custom established and in force in said Weaver Mining District, and thereby became and were owners (except as against the paramount title of the United States) and the rightful possessors of said mining claims and premises.

Affiant further says that said Lilian Upton is now and has been in the occupation and possession of the said Midnight lode, since the 1st day of January, 1899, and that said lode and mining claim were located, and the title thereto established about 15 months before said (applied for) Last Chance Placer corners were established. (In case the history of the lode is not traced, the

following may be inserted): And the record title to said (adverse) lode is in said Lilian Upton as will fully appear by reference to the abstract of title and paper hereto attached, marked exhibit "B," and which this affiant hereby makes a part of this his affidavit.

Affiant further says, that said Last Chance Placer claim as shown by the notice and diagram posted on said claim, and the copy thereof filed in the U.S.Land Office, at said City of Prescott, Arizona, with said application for a patent crosses and overlaps said Midnight lode, and embraces about 210 feet in length, by 195 feet in width of the said Midnight lode, the property of this affiant as fully appears by reference to the diagram or map duly certified by William H. Merritt, U.S.deputy surveyor, hereto attached, marked exhibit "C," and which diagram presents a correct description of the relative locations of the said (adverse) lode, and of the (pretended) (applied for) lode.

Affiant further says, that he is informed and believes that said applicant for patent well knew that said Lilian Upton was the owner in possession and entitled to the possession of so much of said mining ground embraced within the survey and diagram of said applications, as is hereinbefore stated, and that said Lilian Upton is entitled to all the gold, silver, and other metals in said adverse lode, and all that may be contained within a space of 300 feet on each side of said (adverse) lode.

And affiant further says that this protest is made in entire good faith and with the sole object of protesting the legal rights and property of said Lilian Upton in the said (adverse) lode and mining premises: further protesting that a quartz vein lies within the Last Chance boundaries as surveyed, and that the corners of said Last Chance claim were never established until a survey was made for patent.

GEO. B. UPTON,
Attorney in Fact for
Lilian Upton.
