d. The nearest post office to the claim is Walker P.O., the houses in the

south westerly part of the claim being part of the town of Walker, a mining camp of about 300 population. The nearest Railroad station is the city of Prescott, 9 miles north west on the Santa Fe, Prescott & Phoenix R.R.

- e- Lode deposit claims ~~to~~ adjoin on each side, parallel to the side lines of this claim.
- f. This claim is easily adapted to placer mining workings and has been so worked for over 25 years. Lynx creek carries about 3 cu ft. per second in dry season and large flow in winter seasons. The water flows directly thro' the best of the auriferous deposits and has been used to wash the placer workings, and it is intended to work the claim in this manner.
- g. The work and expenditures upon this claim made by the claimants for the development of the placer workings consist of the log cabin described in paragraph "b" and placer workings No 1, 2, 3, and 4 described in paragraph "c".
- h. There are no mines, salt licks, salt springs or mill seats upon this claim.

This survey was made with a Gurley Light Mountain Transit. The courses were deflected from the true meridian as determined by direct solar observations. The distances were measured with a 200 ft. steel tape.
