IMPROVEMENTS

I certify that the value of the labor & improvements on this group, placed thereon by the claimants or their ~~grantors~~ grantors is not less than \$500.00 for each claim thereof & that said improvements consist of-

Black Hawk Lode

No.1 Discovery Shaft 4x6x70 ft. drift at bottom, course S 65°W

Total Value \$1450.00

The direction of this drift will cut any ore bodies on the Blue Bird Lode & is being worked directly for the development of the same—cross—cuts or other drifts will in like manner open up the ore on the Cock Robin & Eagle lodes, furnishing an economical method of development from a central shaft which experiment has shown to be the best & cheapest method possible with the ore bodies as they occur in this district & is the universal manner of developing a group of claims as practiced here.

The value of the improvements on this claim has been apportioned as follows
