Notice of Mining location.

To all whom it may concern:

Notice is hereby given that the undersigned, having complied with all the requirements of 32, of Title 6, of the Revised Statutes of the United States, and the local ^{mining} laws, rules and regulations, ha this day located fifteen hundred (1500) feet of this vein or lode, bearing precious metals, with all dips, spurs angles and variations, with surface ground three hundred (300) feet on each side of the center of vein, with all mineral deposits contained therein; and all timber growing within the limits of said claim, and all water and water and water privileges thereon or appurtenant thereto, under and according to the provisions of the United States mining laws, under which it is located.

This claim commences at this monument and notice placed upon the ledge and runs one hundred feet in a Westerly direction, and fourteen hundred feet in an Easterly direction along the ledge,

The exterior boundaries are as follows, to-wit:

Commencing at ~~this~~ ^a monument at the center of the West end of claim; and running three hundred feet in a Southerly direction to a monument of stone at the South West corner of claim; thence in an Easterly direction parallel with the ledge fifteen hundred feet to a monument of stone at the South east corner of claim; thence at right angles across the ledge in a Northerly direction Six hundred feet to a monument of stone at the north east corner of claim; thence parallel with the ledge in a Westerly direction fifteen hundred feet to a monument of stone at the north west corner of claim; thence at right angles across the ledge in a Southerly direction three hundred feet to a monument upon the ledge and place of beginning.

This ledge may be more generally described as situated on the Southern slope of the mountains facing the R.R. at the outside of the gap, about 1/2 mile east of Don Lewis ^{R.R.} Station. Its Western end line is about 400 ft of where the White Tail Deer Wagon road crosses the R.R. Its east end crosses the railroad in the gap and terminates near the gulch.

Distant from Bisbee about three miles in Warren Mining District, Cochise County, Territory of Arizona, and shall be known as the War Eagle mining claim. Dated on the ground this 26th day June 1897.

To all whom it may Concern:

Notice is hereby given that the undersigned, having complied with all the requirements of Chapter of Chapter 32, of Title 6, of the Revised Statutes of the United States, and the local mining laws, rules and regulations, ha this day located fifteen hundred (1500) linear feet of this vein or lode; bearing precious metals, with all dips, spurs, angles and variations, with surface ground three hundred (300) feet on each side of the center of vein, with all mineral deposits contained therein; and all timber growing within the limits of said claim; and all water and water privileges thereon or apputenant thereto, under and according to the provisions of the United States mining laws, under which it is located.

This claim commences at this monument and notice placed upon the ledge and runs one hundred feet in a Westerly direction, and fourteen hundred feet in an Easterly direction along the ledge. The exterior boundaries are as follows to-wit: Commencing at a monument of stone at the center of the West end of claim, and running three hundred feet in a Southerly direction to a monument of stone at the South West corner of claim; thence in an Easterly direction parallel with the ledge fifteen hundred feet to a monument of stone at the South east corner of claim; thence at right angles across the ledge in a northerly direction Six hundred feet to a monument of stone at the north east corner of claim; thence parallel with the ledge in a Westerly direction fifteen hundred feet to a monument of stone at the north West corner of claim; thence at right angles across the ledge in a Southerly direction three hundred feet to a monument upon the ledge and place of beginning.

This ledge may be more generally described as situated on the eastern slope of the McCormick Mountains, and on the West side of the railroad in the gap, the latter passes through its South east corner about 600 ft S.W. from the little culvert. Its West end extends to the top of the Mountain; and joins the McCormick group: Distant from Bisbee about three miles in Warren Mining District, Cochise County, Territory of Arizona, and shall be known as the Black Hawk mining claim. Dated on the ground, this 23th day of June 1897.

This diagram is to give locator a general idea of plan of location under the new law. The Discovery Shaft can be in the center of claim or any distance from either end desired. In the diagram it is placed 500 feet from one end and 1000 feet from the other. Commence description of claim at a center end monument, giving its distance and direction from center of Discovery Shaft; thence bound the claim in either direction. In description be careful to state locality of claim with reference to some natural object, or permanent monument, as will identify the claim.

By "An Act to Revise and Codify the Laws of the Territory of Arizona," approved March 16, 1901, amendments were made to the old Mining Laws whereby it is not necessary to place "Center Side Monuments" unless locator prefers to do so. No other change was made in Location Notice form.
